Kenai Peninsula Borough School District

6 Who are the State Legislators for KPBSD schools?

#AKlearns #AKleg #AKgov

KPBSD is analyzing the impact of a proposed $22.4 million reduction in state education funding. Staffing, programs, sports, class size, school consolidation, district supports, pools, theaters ... are all areas for potential cuts in KPBSD to solve unprecedented funding reductions. Participate in community budget meetings. Contact your state legislators and Borough Assembly members. Be involved.

$ 22.4 million proposed state cut to Kenai Peninsula schools in the 2019-2020 school year.

In addition to under-funding the Foundation Formula in FY20, and repealing the FY20 one-time funding to school districts, other proposed state budget items and proposed bills could impact school district education funding, including SB57. The Borough FY20 funding is yet to be determined. The KPBSD is analyzing additional impacts, and must pass a FY20 budget on April 1, 2019.

The mission of the Kenai Peninsula Borough School District is to empower all learners to positively shape their futures.
