| Title: | FY14 Preliminary General Fund Budget (REVISED) |  |  |
| :--- | :--- | :--- | :--- |
| Date: | January 11,2013 | Item Number: | Worksession |
| Administrator: | Dave Jones, Assistant Superintendent | Dorefone |  |
| Attachments: | FY14 Preliminary Budget Work Sheets |  |  |

## BACKGROUND INFORMATION

Attached are several work sheets pertaining to the FY14 Preliminary General Fund Budget for your review. I will discuss each sheet in more detail at the scheduled work session.

## Revenue

Revenue projections have been made assuming no increase in the Base Student Allocation (BSA) in the State of Alaska Foundation Funding Formula. The final scheduled increase to the District Cost Factor (DCF) was implemented in FY13 and there will be no increase for FY14. Student enrollment projections from the Five Year Enrollment Projection document have been used in the Foundation Funding Formula to estimate state revenue. One time funding of $\$ 1,741,904$ included in the Governor's Preliminary Budget has not been included in this estimate of state revenue.

At the local level, borough support has been projected at the same level as FY13. With no increase for FY14, this revenue projection is about $\$ 2.1$ million under the maximum allowed for local contribution.

## Expenditures

Expenditure projections for salaries include step increases as well as $1 \%$ increases for both FY13 and FY14, which reflects the district's offer in negotiations with bargaining groups. Staffing has been adjusted to support student enrollment projections. Once negotiations are complete, salaries and benefits will be revised to reflect the new negotiated agreements.

Other expenditure budgets have been reviewed and adjusted for expected increases or decreases that are currently known. Changes include adjustments to utility rates, the increase in the Federal mileage rate and changes to supply budgets.

## Fund Balance and Other Considerations

The Alaska Retirement Management (ARM) Board approved changes to both TRS and PERS On-Behalf contribution rates. TRS rates increased from $40.11 \%$ to $41.06 \%$ and PERS rates decreased from 13.84\% to $13.68 \%$. The total estimate for FY14 On-Behalf contributions is $\$ 22,845,416$, an increase of $\$ 1,279,421$ from FY13. As you are aware, both the Revenue and Expenditure budgets include this amount.

Revenue from all sources for the FY14 Preliminary General Fund Budget totals $\$ 143,373,300$. Use of Fund Balance designated for Self Insurance in the amount of $\$ 1,710,000$ is also included in the
preliminary budget, which was also mentioned in negotiations. The total of revenue and use of fund balance in the FY14 Preliminary General Fund Budget is $\$ 145,083,300$.

Expenditures in the FY14 Preliminary General Fund Budget total $\$ 148,075,075$. Additionally, there are transfers to other funds scheduled totaling $\$ 775,000$, with $\$ 750,000$ for Food Service and $\$ 25,000$ for Community Theater. The total of all expenditures and transfers for the FY14 Preliminary General Fund Budget is $\$ 148,850,075$.

Even with use of Fund Balance designated for Self Insurance, there is still a gap between revenues and expenditures in the amount of $\$ 3,766,775$. This amount may increase with the finalization of negotiations. A combination of cuts to expenditures, increased funding at the state and/or local level and additional use of fund balance are options available for balancing the budget.

## ADMINISTRATIVE RECOMMENDATION

Administration is providing this information to begin the discussion of FY14 budget matters. No action is necessary at this time.

As this chart illustrates, the primary source of funding for the Kenai Peninsula Borough School District is the State of Alaska. The Kenai Peninsula Borough provides a funding appropriation and in-kind services. A small amount comes from the federal government in the form of a Medicaid reimbursement. The category of "Other Revenue" includes investment earnings, E-Rate revenue, and rental of school facilities. Additionally, the District anticipates using fund balance to make up for a shortfall between expected revenues and expenditures. Use of Fund Balance designated for Self Insurance is part of this preliminary budget. Use of Fund Balance for regular operations is not recommended, but was decided on as part of the plan to avoid reduction in staff due to the revenue shortfall.

By law, at least 70 percent of a school district's budget must go toward instruction. KPBSD easily meets that requirement, as instruction is the District's top priority.
