The KPBSD makes access to the Internet available to all students for use as an academic resource and means of communication. Many classes in the KPBSD routinely use the Internet as a tool to complete class assignments and projects in many subject areas.

The KPBSD does not have control over the information content contained on computer systems outside of the KPBSD, but does take measures to limit student access to content inappropriate for the school environment. In addition, students are expected to adhere to strict guidelines for use of the Internet as defined in the Student Handbook for each school.

**Google Online Applications** (Email, Documents, Spreadsheets, Forms, Calendars)

Google Apps allows 4-12<sup>th</sup> grade students and staff to achieve an unprecedented level of communication, organization and collaboration through the use of free online applications provided by Google.

Using Google Apps:

- The Email application allows students to communicate with their teachers and collaborate with other students for such things as needed clarification on an assignment.
- Class announcements can easily be sent in a message from the teacher to all students.
- Google Docs are 100% compatible between school and home and accessible from anywhere with an Internet connection. Assignments will not be “forgotten at home”.
- Students doing video projects at school have a safe medium for sharing their work where only other KPBSD Staff/Students can view them.
- Students can collaborate on group assignments. Multiple students can contribute to documents simultaneously.

If you **do not wish for your child to have access to the Internet and/or Google Apps**, you may opt out below.

If a signed form is not returned to the school, the Kenai Peninsula Borough School District assumes that you have given your approval. Form is valid until changed or revoked.

Please **do not** provide my child access to the Internet.
