How would the KPBSD benefit from your involvement on the School Board?

I have 5 kids in 3 different schools in the Kenai Peninsula Borough. I am actively involved in them weekly. I keep informed both by teachers and parents and I feel I have a good grasp of needs.

If you are appointed to the Board, what are the three top priorities you would hope to accomplish?

I would like to improve the communication with the board to schools and also improve communication to the parents. I would prioritize the teachers and their vision.

In the development of a budget, what goals and objectives would guide your decision making?

I am a firm believer in spending within your means, this would guide all my decision making.

How would you suggest the Board improve communications with all District stakeholders?

I'm not sure. I would have to determine how it's lacking now to determine what steps need to be taken.

Please tell us anything else you'd like to share.

Interviews with the Board of Education will occur on the afternoon of Monday, October 3, 2016 during a public work session. The successful applicant will be officially seated during the evening's 6:00 p.m. business meeting.
