District Focus Area: 1.0 Academic Success

District Goal: 1.6 School Innovation

School Name: McNeil Canyon Elementary

Current Reality: All of our teachers integrate technology in their regular instruction and none of them utilize Canvas as a Learning Management System. Students do not control the pace or place that they use technology.

SMART Goal: By May 19, 2017, we will increase the number of students using technology in a blended learning environment and classroom teachers will each create and update a course in Canvas as evidenced by administrative walkthrough observation and student interviews.

SMART = Specific, Measureable, Attainable, Responsible, and Time-bound
