We utilize pre-screening assessment strategies and strategic-grouping strategies to provide small-group and individual-tutoring as needed. We utilize both on-going progress monitoring (AIMSweb, ED Performance, and locally-developed formative and summative assessments to measure student-learning. We are utilizing District-provided blended-learning curriculum to ensure classroom rigor across the content areas.</p>	<p>Developing</p>

<p><b>Relevance Goal:</b> Experience a personalized learning system.</p> <p><b>Key Discussion Questions:</b></p> <ul style="list-style-type: none"> <li>- In what ways do we create a flexible instructional model that meets the needs and interests of each learner? In what ways might we improve?</li> <li>- How do we help our students to develop healthy lifestyles and make healthy choices?</li> <li>- How can our school better engage families and leverage resources beyond the classroom?</li> </ul>	<p>Students utilize on-line, long-distance, college-credit and traditional classroom instruction to provide content and opportunities that meet the needs of each learner. We can improve in becoming more proficient in utilizing on-line teaching and learning modes of instruction (Canvas, Google Classroom, etc.). Our school can reach out to community members to provide learning opportunities school staff may not be equipped to provide. Opportunities may include: music lessons, industrial art applications, welding, metal-shop and other CTE opportunities. Our multi-age classrooms provide unique peer-based coaching and tutoring opportunities that are effective in providing both academic growth and social support opportunities.</p>	<p>Advancing</p>
Area of Focus: Responsive	Record discussion notes here	Select a current ranking for your school in this area
<p><b>Responsive Goal:</b> Be immersed in a high quality instructional environment.</p> <p><b>Key Discussion Questions:</b></p> <ul style="list-style-type: none"> <li>- In what ways does our school and staff prioritize strong, positive relationships with students to meet their social and emotional needs?</li> <li>- What instructional strategies are used by our staff to target student needs? How can we support our staff to strengthen their instructional practice?</li> <li>- Does our school foster a culture of innovation? What steps might we take to better support such a culture?</li> </ul>	<p>School staff stress positive learning environments, provide reinforcement for desired and positive behaviors, and intentionally interact with students in meaningful ways to support student emotional and social growth. Staff meet regularly to discuss student needs, or information relevant to instructional or social growth and well-being. Staff have utilized the professional learning community approach to address institutional growth and/or concerns. Providing on-going support and professional development in personalized learning strategies, District tools and materials, as well as current teaching/learning strategies will support instructional practice and professional growth. We can work to partner with local people and entities to provide a greater array of learning opportunities for students.</p>	<p>Advancing</p>

## SMART Goal for Strategy #1

Susan B. English

Area of Focus #1: Rigor: All students will achieve high levels of academic growth.

Strategy #1: Students will learn in a performance-based instructional model.

### Step 1: Write a SMART Goal in the space provided below for this strateg

*By the end of the first semester of the 2017-18 school year, all staff will incorporate blended-learning strategies to address individual student needs and skill levels in at least two subjects taught.*

### Step 2: Give detail to the SMART Goal by completing the actions bank below

<b>Action Steps:</b> <i>What will be done? Include: professional development, ongoing communication with stakeholders, progress monitoring, and mid-year adjustments.</i>	<b>Owner:</b> <i>Who is responsible for leading or coordinating this action step?</i>	<b>Timeline:</b> <i>When will this be accomplished?</i>	<b>Evidence of the Action:</b> <i>What does success look like? What will be the evidence the action step occurred, the data indicating progress, or the indicator of success?</i>	<b>Results:</b> <i>Share results, observations, comments, etc.</i>
On-going professional development in establishing, developing and maintaining blended-learning classroom strategies and learning opportunities.	Building principal, classroom teachers	By the end of the 1st semester.	Each classroom teacher will be able to demonstrate and reference two courses through the day they utilize blended-learning strategies.	Teachers will hold on-going professional development conversations during professional learning community time to discuss specific blended-learning strategies being utilized in the classroom. The building principle will observe and keep documentation of building-level individualized learning activities and programming.
Identify and implement blended-learning tools and strategies in the classroom.	Classroom teachers	By the end of the first semester.	Classroom teachers will utilize and be able to verbalize specific blended-learning strategies implemented in the classroom.	Strategies and results will be communicated and monitored through on-going progress-monitoring, formative assessments and summative assessment results.

### Step 3: At mid-year and EOY, repeat this process by reflecting upon your progress and considering next steps

#### MID-YEAR DISCUSSION: [Date]
