 (907) 714-8888

Homeroom Teacher:

To make sure that all students receive the education services they need, the law requires us to ask questions about students' language backgrounds. The answers to Section A below will tell us if a student's proficiency in English should be evaluated and help us to ensure that important opportunities to receive programs and services are offered to students who need them. The answer to Section B below will help us communicate with you regarding the student and all school matters in the language you prefer. If you have questions or need help filling out this form, please contact:

Deanna Leslie
