BACKGROUND INFORMATION

I have included several work sheets pertaining to the FY13 General Fund Preliminary Budget for your review. I will discuss each sheet in detail at the scheduled work session.

Revenue projections have been made assuming no increase to the Base Student Allocation (BSA) from the State of Alaska. The final scheduled increase in the District Cost Factor (DCF) has been included. Student enrollment projections outlined in the Five Year Enrollment Projection document have been used to estimate state revenue. At the local level, borough support has been projected with an increase of \$1,248,865 above current year support, which is approximately the estimated increase in sales tax revenue. If the increased amount of local effort requested is provided, the borough contribution would be about \$2.5 million below the maximum contribution allowed by state statute.

Expenditure projections include the step increases scheduled in the current year negotiated agreement FY12 salary schedules as the district will be entering into negotiations this year and FY13 salary schedules are not in place. Staffing has been adjusted to reflect the anticipated reduction in enrollment and cuts have been made in other areas, as well.

The TRS and PERS On-Behalf payments from the state have increased both the revenue and expenditure budgets by over \$5 million, due to an increase in the percentage rate authorized by the Alaska Retirement Management (ARM) Board.

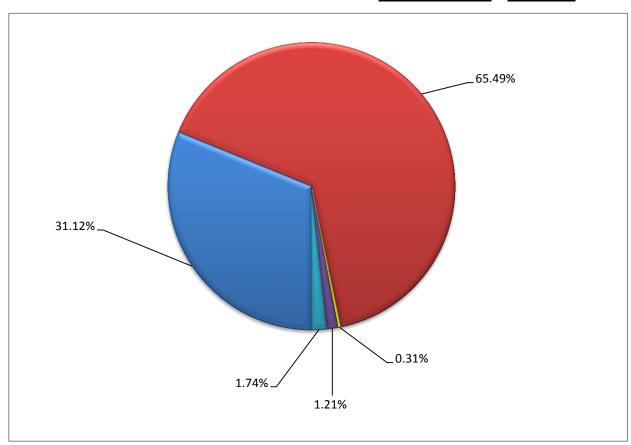

Although this budget reflects reductions to staff salaries and benefits due to reduced enrollment, as well as other budgetary reductions, expenditures exceed revenues by \$2,481,443. Use of fund balance in that amount is included to balance Preliminary FY13 General Fund revenue and expenditure budgets. As the district negotiates with employee groups, makes decisions about student transportation issues and evaluates other economic issues, there could be substantial changes between this preliminary budget and the final budget for FY13. Any additional funding at the state or local level would be applied first to reduce the amount of fund balance usage. Further budget cuts, a change in the amount of fund balance usage, or a combination of both options are likely to be part of budget discussions.

ADMINISTRATIVE RECOMMENDATION

Administration is providing this information to start the discussion about FY13 budget matters. There is no action necessary at this time.

Revenue

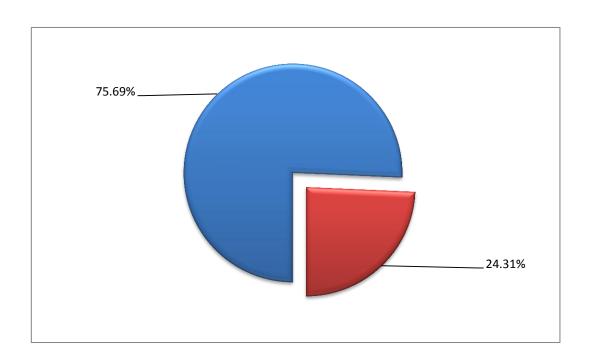

| Local Effort | \$ 44,500,000 | 31.12% |

| State Revenue | 93,850,201 | 65.49% |
| Federal Revenue | 450,000 | 0.31% |
| Other Revenue | 1,726,000 | 1.21% |
| Allocation of Fund Balance | 2,481,443 | 1.74% |
| Total Revenue Budget | \$ 143,007,644 | 99.87% |

As this chart illustrates, the primary source of funding for the Kenai Peninsula Borough School District is the State of Alaska. The Kenai Peninsula Borough provides a funding appropriation and in-kind services. A small amount comes from the Federal government in the form of a Medicare reimbursement. The category of "Other Revenue" includes investment earnings and E-Rate revenue. Additionally, the District will be using fund balance to make up a shortfall between expected revenues and expenditures. Use of fund balance for regular operations is not generally recommended as they are non-recurring funds.

By law, 70 percent of a school district's budget must go toward instruction. KPBSD easily meets that requirement, as instruction is the District's top priority.

As natural gas, fuel oil and electricity costs have increased, so have the District's utility bills. The District operates 44 schools. In fiscal year 2011, the District's average utility cost per student was \$640.40

^{*} Prior to FY05, cost of heat was not split between Natural/Bottled Gas and Fuel for Heating.
