

**GrK Q1 Benchmark Student Copy**

1. Look at the shape of the ball. Sort the shapes in the group. Draw an X on the shapes that have the same shape as the ball.

*Indicate the answer choice that best completes the statement or answers the question.*

2. Count the objects. Select the number.

- a. 3    b. 4    c. 5

**GrK Q1 Benchmark Student Copy**

3. Count the objects. Write the number three times.

The image shows three butterflies on the left side of a rectangular box. To the right of the butterflies is a writing template consisting of three columns. Each column has a solid top line, a dashed middle line, and a solid bottom line, providing a guide for writing the number 3.

4. Circle the group with three objects. Draw a box around the group with five objects.

The image shows a collection of objects arranged horizontally. From left to right: a single bean, a group of three strawberries, and a group of five trees of varying heights.
