A CHIEF OF ALL CHIEFS

Jim Beckwourth was born a slave in Virginia around 1800. He became a legendary mountain man, fur trader, hunter, and explorer in the untamed Western U.S. during the 1820's and 30's. Beckwourth discovered a mountain pass near Lake Tahoe that still bears his name. He spent much of his adult life in the West living with Apaches, Sacs, and other Native Americans, who gave him the name Dark Sky. Beckwourth led the Crows in battle against the Blackfeet and was named "A Chief of All Chiefs" by the Crow Nation. Later, he established trading posts that became the towns of Pueblo, Colorado and Beckwourth, California. Beckwourth died in a Crow village in Montana in 1866.

NUTRITION TO GO

The first watermelon harvest in recorded history took place 5,000 years ago. But just three decades ago, seedless watermelons accounted for under 1% of the overall watermelon market. Today, that share has passed 70% and is still growing. Nowadays, seeded watermelons are mainly grown because seedless melons can't pollinate without them!
