

To all interested teachers with students in grades 6 - 12

Kachemak Bay National Estuarine Research Reserve is hosting:
Teachers on the Estuary – Focus on Ocean Acidification

June 11th 5:00pm depart Homer Harbor for Kasitsna Bay Lab

June 13th 6:00pm return to Homer Harbor

TOTE

This two-day course will introduce teachers to climate science research with a focus on the impacts of ocean acidification impacts coastal ecosystems and communities. The workshop is free and open to teachers across the nation and includes a \$200 stipend for registrants. University credit is available for a fee.

Teachers on the Estuary (TOTE) is a national program developed by the National Estuarine Research Reserve System. It strives to improve teachers' and students' understanding of the environment using local research while promoting stewardship of watersheds and estuaries.
