Re: Revision of AR 6146.1, Weighted Grades

Date: December 14, 2004

On June 7, 2004 the school board passed changes to AR 6146.1 instituting weighted grades. The purpose for implementing weighed grades was to provide an incentive for students to take Advanced Placement classes. An unintended consequence of implementing weighted grades is that students taking additional classes are mathematically penalized in the calculation of grade point averages for determining class rank.

Based on the discussion at the December worksession on weighted grades the administration recommends that the board adopt one of three options.

Option 1: The board repeals the regulation on weighted grades and return to a non-weighted system of calculating grade point averages. This is the preferred option of administration. (See attached language for Option 1.)

Option 2: The language of AR 6146.1 be amended to add a value of .21 to the grade point average of students for each semester they receive a passing grade in an AP class. (See attached language for Option 2.)

Option 3: Leave the regulation as it is.

SUBJECT: Staffing Formula Updates

School District Administration has the responsibility of developing and implementing the staffing formulas used in the forty four sites. Since a large percentage of the budget is based on salaries and since the salaries are based on number of people to do the job, a staffing formula change conversation will be included in the FY06 budget worksession scheduled for January 10, 2005. Two priorities have driven the changes in the staffing formulas:

- Reducing pupil teacher ratios at the elementary level
- Providing similar opportunities for students in similar sized schools

The legislative priority developed regarding class size states:

**** Increase the foundation formula to reduce large class sizes.***

With high academic achievement standards, federal mandates, and increased accountability, increasing class sizes are of concern to parents and educators. Due to budget constraints, KPBSD has been forced to increase the numbers of students in classrooms. Current pupil teacher ratios are 24:1 in grades K-3; 29:1 in grades 4-6, 24.5:1 in 7-12, and 19:1 in our K-12 small schools. In order to lower class sizes to the appropriate and research based averages of 18:1 in K-3, and 24:1 in 4-12, approximately sixty additional teachers would be needed in KPBSD. This would mean an increase of \$3.9 million, or the need for \$175 additional in the funding formula.

Though the class ratios reflected in the legislative priority are ideal, expecting that the money will automatically arrive is not realistic. However, the current PTR has been a source of concern since it was implemented three years ago. The proposed changes are what the administration considers "right sizing of the formula" - balancing the budget implications of additional staff with the highest student needs. It is always good to remember that PTR is based on an average - it is not a maximum

number of students in a classroom. Therefore, if class sizes are larger than the average it usually means that other classes within the school are below. With the increased vigilance and oversight of scheduling as well as class configurations, central office will work to assure class sizes of appropriate size throughout each school.

Attached are the revised staffing formulas for certified and support. The changes are outlined below:

- Reduce kindergarten PTR to 20:1 and mandate full day kindergarten at all sites (The poverty rate has reached over 40% on the peninsula and research is clear that full day kindergarten with appropriate class sizes is a positive early intervention).
- Reduce grades 1-3 PTR to 22:1
- Reduce grades 4-6 PTR to 26:1
- Change allocation of counselors and change 7:12 PTR to 24:1 to more closely reflect current practice
- Change use of 7-12 secretarial support allocation to assure support for counselor
- Change librarian use K-12 with support staff providing "open hours" and certified librarians responsible for collection upkeep

The administration's perspective is that the changes above will have a conservative but substantial positive impact on class sizes. The news of Agrium's closure will affect all decisions/plans. There could be substantial revisions to the budget as enrollment reductions and revenue projections change; however, it is hoped that the formula will remain as presented.

MEMORANDUM

TO: Board of Education

THROUGH: Dr. Donna Peterson, Superintendent

FROM: Melody Douglas, CFO

SUBJECT: FY05 Budget Revision

[Elementary Reading Program](#)

BACKGROUND:

The Board of Education postponed action on revising the FY05 budget at the December 6, 2004 Board Meeting.

PERTINENT INFORMATION:

Annually, the District reviews the general fund, pupil transportation, food service, and community school fund budgets to reflect the salary and benefit accounts for employees hired for the year. Other adjustments are included at the same time as appropriate. This general fund revision also incorporates an adjustment as a result of the draft OASIS information received from the Department of Education and Early Development for FY05.

Staff Costs

The annual budget adjustment to reflect the salaries and benefits of those actually hired for FY05 has been completed. Unallocated staff was assigned to address enrollment needs per Board action on June 7, 2004.

Enrollment

Preliminary foundation funding information based on the October 2004 OASIS data has been received from the Department of Education and Early Development indicating an enrollment of 9,531 FTE. This represents an increase of 301 FTE over the FY05 enrollment projection of 9,230. Hopefully, this situation is indicative of a reverse in the enrollment declines the District has encountered in recent years. A future FY05 budget revision will be necessary to address the final OASIS numbers, including possible changes to charter school and connections program budgets. Final OASIS numbers are expected in January.

APPROVAL OF AGENDA:

(7:01:40 PM)

The agenda was approved with the deletion of the Nanwalek Elementary/High School report. Mr. Darrell Johnston will give the report at a later date.

APPROVAL OF MINUTES:

(7:03:03 PM)

The School Board Minutes of November 15, 2004 were approved as printed.

AWARDS AND PRESENTATIONS:

(7:04:18 PM)

The Board presented a Golden Apple Award to Linda Cusak for her volunteer service to the District. The Board presented Golden Apple Awards to employees, Larry Streiff, Neldon Gardner, and Tanya Boedeker for their service and dedication to the District.

PUBLIC PRESENTATIONS:

(7:13:57 PM)

Mr. Jon Lillevik, KCHS counselor and parent, expressed concern for the new weighted grade point system and analyzed proposals from Mrs. Gilman and Dr. Anderson.

Mrs. Sara Moore, Soldotna High School counselor and parent, suggested that the weighted grade system not start until 2007 or 2008 depending on Homer High School's decision about students taking Advanced Placement (AP) classes. She expressed concern that the weighted grade system cannot be accommodated by the District grading software.

Mrs. Elaine Larson, music teacher and parent, noted that the weighted grade system is unfair to students and merits further study.

Mr. Robert Watkins, Kenai Central High School parent, asked the Board to return to the 4 point grading system and added that AP classes are their own reward.

Mrs. Penny Vadla, teacher and parent, stated that it is important to promote excellence and suggested the Board research districts where weighted grades are being used successfully.

Miss Jessica Summer, KCHS student, stated that students are penalized for taking AP classes and that the 5 point system does not work.

Mrs. Linda Hibberd, Skyview parent, expressed disappointment for the new weighted grading system and related a personal story regarding her son's credits.

Mrs. Jenny Olendorff, parent, thanked the Board for their support of the Connections Program and stated that the Program has been successful for all three of her children.

COMMUNICATIONS AND PETITIONS:

(7:35:23 PM)

Dr. Peterson reported that she has received the usual parent and employee communications. She noted that December 15 is the deadline for administrator evaluations by staff. She stated she received a message from a state department employee who thanked her for the student-made Christmas card.

**Advisory Committee, Site Council
and/or P.T.A., K.P.A.A., K.P.E.A., K.
P.E.S.A, Borough Assembly:**

(7:36:39 PM)

Mrs. Cathy Carrow, KPEA President, stated that one of her goals is to visit schools and personally meet with teachers and noted that she has been impressed with their professionalism and dedication.

Mr. Dan Chay, KPB Assembly member, updated the Board on a sales tax cap proposal and the Borough's \$7 million budget deficit and noted that the public is being invited to provide input and suggestions regarding the sales tax proposal.

Mrs. Hilts asked how the Borough Assembly budget shortfall will affect the School District. Mr. Chay replied that he believes the Assembly will continue to fully support the School District but that any increases would be difficult to manage. He explained that last year the Borough absorbed a \$5.3 million shortfall. He stated that the Assembly is also dealing with increased pension plan costs and the reduction in municipal revenue sharing and predicted that the financial picture will not improve. Mrs. Hilts expressed appreciation for the commitment that the Assembly has made to education and the School District.

Ms. Germano thanked Mr. Chay for his comments and stated that she is looking forward to the public involvement plan. She clarified with Mr. Chay that the sales tax proposal would not become effective until 2006 if it should pass.

Ms. Wassilie thanked Mr. Chay for his work on the Assembly.

SUPERINTENDENT'S REPORT:

(7:45:28 PM)

Dr. Peterson reported that on the first Thursday of each month a District representative meets with the Child Study Team which consists of representatives from many other agencies. She noted that the Prevention Coalition delegation will give a presentation at the January 10 meeting regarding Communities that Care. She expressed appreciation for the recent snow cover allowing elementary schools to have outdoor recess. She highlighted the District's intervention team process. She wished those present a Happy Holidays.

BOARD REPORTS:

(7:47:35 PM)

Ms. Wassilie reported that she attended the Career and Technology Education Curriculum Review Committee meeting on December 2. She reported that the Committee is trying to simplify the format and presentation of the courses and in the process is also cleaning up course masters that are used at the middle and high school level. She noted that the Career Technology Education curriculum includes the various Alaska Standards as well as the pertinent Occupational Standards. She stated that the Committee has begun a discussion on what career and technical education should look like in the future for the KPBSD. She noted that the next meeting of the Committee is January 27, 2005.

CONSENT AGENDA:

(7:50:05 PM)

Items presented on the Consent Agenda were Approval of Long-term Substitute Teacher Contracts, New Teacher Assignment, Outsourced Activities Recommendation, Six-Year Plan and School Construction Needs, and 2005 Legislative Priorities.

Long-term Substitute Teacher Contracts:

Mr. Fisher recommended the Board approve substitute teacher contracts for Reubin Payne, Grade 8, Kenai Middle School and Suzie Pyle, social studies/physical education, Seward High School.

New Teacher Assignment:

Mr. Fisher recommended the Board approve teacher assignments for Susan J. Welsh-Smith, (temporary) .40 FTE art teacher at Ninilchik School.

Outsourced Activities Recommendation:

The Kenai Peninsula School Activities Association recommended the Board approve outsource applications for Homer Baseball, Homer Softball, and Seward Softball. The KPSAA Board further recommended conditional approval for Seward Baseball regarding coaching staff, tournament obligations and number of eligible players.

Six-Year Plan and School Construction Needs:

Mr. Fisher recommended the Board approve the proposed 6-Year Plan and list of major maintenance and capital improvement projects for fiscal year 2007.

2005 Legislative Priorities:

Dr. Peterson recommended the Board approve the list of 2005 state and federal legislative priorities.

MOTION

Ms. Germano moved the Board approve Consent Agenda Items Numbers 1 through 5. Mrs. Gilman seconded.

Mrs. Brown requested that Item 10a.(5) be removed from the Consent Agenda.

Consent Agenda Items 1 through 4 carried unanimously.

motion

Mrs. Brown moved the Board amend the Legislative Priorities by removing the second bulleted item, "Assure that health and safety needs are met by providing accountability for all school-age children in the state." Mrs. Gilman seconded.

Mrs. Brown stated that the reason for the deletion is because there are parents who believe they should be in charge of the safety needs of their children and because the statement is vague and could be interpreted many different ways, and that the statement does not follow the theme of the other priorities on the list.

Mrs. Gilman stated that she does not support Mrs. Brown's amendment because she feels it is the School Board's responsibility to send a message to the legislature that every school-aged child deserves an education. She stated that under the current system parents do not have to register their children with any school district or a private school. She referred to an example of an extremely poor home school situation in the Mat-Su School District. She stated that parents should not have the right to not educate their children and added that children must be educated in order to be productive members of society in the future.

2005 Legislative Priorities:
(Continued)

Ms. Germano reported that state law says that children must be in an education program between the ages of 7 and 16 and noted that although there are truancy laws, they are not enforced. She stated that the state used to have a registration system for those parents who chose to home school their children and added that it is not an unreasonable requirement. She stated that even though there are some parents who are doing a fine job home schooling their children some students come into the system that are academically behind and the District and communities are responsible for them. She stated that she has seen many home schooled students that have been alienated.

Dr. Anderson stated that the reason that he attended the Association of Alaska School Board Annual Conference was to lobby for home school accountability and stated that he was sorry that Mrs. Brown did not hear the discussion during the Resolutions Committee meeting and on the floor. He noted that people who are less literate cost the health care system 8 times those who are literate, which is a financial concern that the state should understand. He stated that he will continue to personally work towards legislation on this issue.

Mr. Anderson stated that he will not support the Brown amendment. He stated that he believes that every parent has the right to choose the method in which their child will be educated and that every child has the right to an education. He stated that home schooling should always be an option but that it should not be an option to deny a child an education. He related a personal story about his father who was taken out of school in the third grade to work in the family business.

Mrs. Brown expressed concern for the reputation of families who home school their children. She stated that there are many parents that are doing a fine job educating their children and added that there are students who graduate from the public school system who cannot read or write as mentioned by another Board member. She said that when legislators receive the priority list they can refer to the Board's conversation regarding the issue.

Mrs. Hilts stated that language in the Legislative Priority List refers to all students and noted that all parents should be accountable for their children's education. She stated that she respects the right of parents to make choices about their children's education. She stated that a standard should be set that all children become educated in the State of Alaska. She stated that the language in the Priority List simply asks parents to declare how their children are going to be educated. She noted that the District asks for more accountability of children who are being educated in public schools.

2005 Legislative Priorities:
(Continued)

Mrs. Mullins stated that she believes in choice and home schooled her son for a year. She stated that along with choice comes accountability and the ramifications for each choice. She stated that the Board expects to have an educated youth and an educated populous. She stated that the reason she became a candidate for school board election is because she feels strongly about educating the future leaders of society. She stated that parents should be able to choose how to educate their own children and must also be held accountable for their choices.

Ms. Wassilie stated that the accountability language in the Priority List is about reaching children that are not receiving an education.

VOTE ON BROWN AMENDMENT:

Advisory Vote: ABSTAIN

YES - Brown

NO - Germano, Hilts, Gilman, N. Anderson, M. Anderson,
Mullins,
Wassilie

Amendment failed.

Mrs. Brown stated that all other sections of the Legislative Priority List were revised and well written and added that she hopes that when the Kenai Peninsula legislative delegation gets the list that they will provide leadership that is needed statewide. She stated that she hopes that the Area Cost Differential discrepancy issue can be addressed and that the District does not have to wait for the legislature to provide additional funding to address large class sizes.

Motion carried unanimously.

FY 05 Budget Revision:

Mrs. Douglas recommended the Board approve a revised FY 05 General Fund budget of \$83,245,227 based on the preliminary 20-day student count information received from the Department of Education and Early Development. She reported that the Board conducted a worksession prior to the meeting to discuss the revenues and expenditure recommendations. She reminded the Board that anything that goes into the contingency category would be brought back to the Board for approval.

In response to a request from Mrs. Gilman, Mrs. Douglas reviewed the list of budget items and noted which fall into the 70% instruction category and which items fall into the 30% administration category.

MOTION

Mrs. Mullins moved the Board approve the FY05 Budget revision to the General Fund in the amount of \$83,245,227. Dr. Anderson seconded.

FY 05 Budget Revision:

(Continued)

Dr. Anderson stated that the Board conducted a discussion prior to the meeting concerning the administration's recommendation regarding the FY05 budget revision. He acknowledged that the finance software and phone system replacement expenditures are necessary. He expressed disappointment for the required purchase of new reading materials to be NCLB compliant and to find out that the District's improved reading scores are not accurate. He stated that he does not want to commit any money for reading materials until there is a better explanation of how the \$500,000 will improve reading scores. He suggested that the Board put the money into the Contingency Account.

Mrs. Gilman stated that it is time that the Board put children first in accordance with the first statement in the 2005 State Legislative Priority List. She stated that the School District budget should be focused on the needs of students which translates to more teachers in the classroom. She stated that according to the Class Size Report there are 19 classes in the District in Grades K through 6 with 30 or more students. She stated that 600 students are in a negative educational setting and added that students need more adults to interact with them. She stated that according to the study there are 108 classes in Grades 7 through 12 (excluding physical education, band and choir) that have 30 or more students which means that English, math, science and social studies classes have too many students per class. She stated that the administration's budget revision recommendation does not address overcrowded classrooms. She stated that teachers should have been hired to address the 300 additional students that have caused the \$1.7 million in additional revenue. She stated that hiring a teacher in December or January is probably not the best option because it disrupts students and suggested that part-time aides be hired for classrooms with 30 or more students to help with reading and math.

Mrs. Mullins asked the administration's advice about placing the elementary reading curriculum into the Contingency Account until the Board can decide what to do about the NCLB requirement. Mrs. Douglas stated that the money can be put into the Contingency Account and will not hold up the processing of the other accounts.

Mr. Anderson concurred with Dr. Anderson and Mrs. Gilman regarding the hiring of more teachers. He stated that on the other hand, the District must also provide the tools for staff to do their jobs and noted that a Boroughwide malfunctioning phone system is a safety and security concern.

Ms. Germano expressed frustration that after nine years of service on the Board parents still do not have toll free access to Central Office from areas outside the Central Peninsula and noted that the new phone system will not likely address that issue. She asked if the Borough has clearly stated the total cost of the finance software replacement. She agreed with Mrs. Gilman's concerns about the Board's priorities and stated that she would like the Board to have more discussions about priorities.

FY 05 Budget Revision:
(Continued)

Mrs. Brown stated that she agreed with much of what is to be accomplished in the proposed budget revision. She stated that she is unsure about the increases in utility costs and suggested that the District might negotiate a special price for utility services. She stated that the deteriorating phone systems need to be corrected. She stated that she thought that the NCLB reading curriculum should only pertain to Title I schools and not the entire reading curriculum. She suggested that the District let the Borough purchase replacement finance software since the change is being initiated by the Borough.

Ms. Wassilie clarified that the Borough mainframe system which houses the finance software is not going to be available very soon.

Mrs. Hilts admitted that she did not understand why the District is being required to replace the elementary reading materials. She stated that the Board will need to have information to share with the public about why the District is spending \$500,000 to purchase new reading materials. She stated that some of the assessments are changing the way students are educated. She asked for documentation about where the current reading program failed.

Mr. Stewart stated that the budget revision allows the District to move the curriculum revision cycle ahead by one year and that the same amount of money would be requested next fall as part of the regular curriculum revision. He assured the Board that there would be no expenditure of funds until the curriculum is revised and after research has been completed showing what best suits the needs of the District. He stated that the District has been doing a good job in the area of reading and that assessment scores prove that. He stated that some Title I schools do not meet Adequate Yearly Progress requirements in the area of reading as specified in NCLB Act. He stated that the programs that the federal government will let districts use have to be research-based and noted that Scholastic, Inc. does not meet that qualification. He stated that the administration believes that the District needs to adopt a new reading test series now rather than wait for the regular cycle. He stated that the District could continue using existing materials and supplement with research-based texts that meet NCLB requirements in the Title I schools but did not recommend a piecemeal approach.

Mrs. Brown expressed amazement that Scholastic, Inc. is not an approved text and asked if they would likely be approved next year. She asked what other textbook suppliers were ahead of Scholastic, Inc. Mr. Stewart explained that Scholastic, Inc. has a problem with phonics and does not meet the research-based requirement. He stated that he will bring forward further information at the next meeting. He stated that the District has been supplementing phonics in Grades 1 and 2.

Ms. Wassilie stated that the Board needs more information than was provided at the worksession. She explained that the Board just received the information about the reading program and supplemental programs. She asked where the federal money is to pay for the federal mandate.

FY 05 Budget Revision:
(Continued)

Mrs. Gilman noted that the Board has been given notice about the deteriorating phone system, and the need to vacate the Borough mainframe system and asked to see documentation about when it will no longer be available. She asked why the Board was not informed sooner about the purchase of the new reading materials as required by NCLB.

Mr. Stewart replied that the Board was notified about the reading materials as soon as the administration was being notified. He explained that NCLB requirements keep changing and added that the District reading program is fine for regular education in schools that meet AYP and are not served by Title I. He stated that the Board must decide whether they want to use the same materials for all schools throughout the District. He stated that the administration recommends that it is better to be consistent among all schools. He stated that the administration has a plan which would speed up the math selection process and to purchase new textbooks.

Ms. Germano asked if it is advisable to take action on the negotiated items listed in the budget revision. Mrs. Douglas advised the Board to approve the health care cost adjustment, the utility budgets, the annual salary and benefit budgets and noted that the remainder of the revisions can be acted on later. She stated that in order to move forward with the FY06 budget process the Board should put all of the revenue into the contingency account.

Mrs. Gilman asked if the administration would have recommended the \$500,000 purchase of reading curriculum materials if the District were experiencing declining enrollment. Mr. Stewart stated that prior to the budget revision the administration had already informed Mrs. Douglas that \$500,000 was needed from the FY06 budget to purchase reading materials. Mrs. Gilman stated that if the Board waits until the final OASIS numbers are available in February or March, then the Board will eliminate the possibility of providing instructional assistance this year.

MOTION

Mrs. Brown moved the Board postpone action on the FY06 budget revisions to a time uncertain and that the Board have a worksession at the next meeting. Dr. Anderson seconded.

Ms. Germano asked whether the postponement of the budget revisions will take away Mrs. Douglas's ability to work on the FY06 budget document.

Mrs. Brown replied that Mrs. Douglas can move ahead with the budget revision items that were not in question.

Ms. Germano asked if Mrs. Douglas could still proceed with the development of the FY06 budget if the revisions were postponed. Mrs. Douglas replied that the administration can accommodate the Board, whatever their decision. Mrs. Douglas recommended the Board approve revisions regarding health care, utilities, the annual salary and benefit adjustment, and the summer school allocations.

FY 05 Budget Revision:
(Continued)

Ms. Germano asked Mrs. Douglas if postponement of the budget revision will prevent her from developing the FY06 budget. Mrs. Douglas said that she could still move forward with budget development.

Mrs. Gilman asked whether the postponed budget revision can be voted on at any meeting. Mrs. Mullins stated that the revision can be voted on at any future meeting since the public has been allowed an opportunity to speak to it. After further discussions Ms. Germano explained that the Board could add the item to the agenda at a future meeting.

VOTE TO POSTPONE AND CONDUCT A WORKSESSION:

Advisory Vote – YES

YES – Hilts, Germano, N. Anderson, Brown, Mullins, Wassilie

NO – M. Anderson, Gilman

Motion carried.

BOARD COMMENTS:

(8:55:19 PM)

Mrs. Brown stated that she believes that the Board has expressed an interest in keeping class sizes small. She stated that the Board has an opportunity to show some leadership and to do something the Board feels strongly about such as provide assistance for oversized classrooms. She stated that she does not feel that the District should spend its resources expanding a program which is not required by Alaska State law, such as kindergarten. She acknowledged the importance of early education but added that there are other options to parents within Peninsula communities. She stated that she appreciated the interaction and wished those present a Happy Holiday. She congratulated those who received Golden Apple Awards.

Dr. Anderson cautioned the Board about interfering with the administration's job of managing classroom sizes. He stated that he is also concerned about pupil-teacher ratios and suggested the administration consider a solution for large classrooms. He stated that he is stunned by the high percentage of Grade 1 through 3 students that are not fluent in oral reading. He stated that kindergarten is a vital area that the District should focus its attention as well as preschool.

Mrs. Gilman thanked the Board and administration for the frank discussion regarding weighted grades. She reported that she attended the Kenai Central High School Christmas concert and the Mt. View Elementary Christmas program. She described the Kenai Central High School Christmas concert and noted that Mr. DJ Tyson is an accomplished pianist. She noted that it was a great moment when she watched her daughter being directed by her former music teacher.

BOARD COMMENTS:

(Continued)

Mrs. Hilts reported that she recently watched several hours of junior high school basketball and noted that the Susan B. English Elementary/High School boy's team only had 6 players and finished in second place. She stated that currently it is the last year for a junior high school team for a few years. She reported that the Susan B. English Elementary/High School girls' basketball team won the championship by beating the Nikolaevsk Elementary/High School team. She reported that Razdolna still needs ski equipment, especially short poles. She wished those present a Merry Christmas, a Happy New Year and Sprasnikum.

Ms. Germano observed that the weighted grade issue seems to come down to the issue of class rank. She recalled a comment made by Mr. Huftel (former Homer administrator) that each school should set their own criteria to determine a student's

class rank. She stated that grades don't have to be weighted in order to determine the class valedictorian. She expressed appreciation for Commissioner of Education Roger Sampson's presentation and expressed concern that the District will be educating toddlers and added that research says 3 and 4 year olds should be exposed to education. She wished those present a Happy Holiday season and suggested that families take time to enjoy each other.

Mr. Tyson thanked those who spoke to the Board about weighted grades and noted that it is a controversial issue among high school students. He stated that he is taking an AP history class and although he can see both sides of the issue, the majority of the students want to keep weighted grades. He reported that students have commented that if weighted grades were not available the number of students who enroll in AP classes would drop.

Mrs. Mullins stated that she has mixed emotions about the issue of weighted grades and suggested that maybe the Board didn't think about it long enough. She stated that it is important for the Board to get all the information and in future decisions she will look further than necessary. She stated that it was not the Board's intent to harm anyone but instead to do something good for students. She expressed appreciation for the student-made Christmas card she received from the superintendent's office. She commended the Golden Apple Award recipients and added that she wished the Board could honor more nominees. She thanked the administration for their hard work during 2004 and added that she is looking to positive happenings in 2005. She wished those present a Merry Christmas and a great holiday season.

BOARD COMMENTS:

(Continued)

Ms. Wassilie stated that the Board will continue with three worksessions at the next Board meeting (Review of Policy Manual Section 4000, weighted grades, budget revisions). She reported that the Board met with Kenai Peninsula legislators and staff and noted that the Board will continue to conduct monthly teleconferences with legislators to discuss educational issues. She reported that the legislators reported that state budget legislation could move quickly during the upcoming session. She expressed appreciation for those who spoke to the Board regarding weighted grades and added that she feels bad that the Board changed the rules in the middle of the student's high school career especially when students who are participating in foreign exchange programs begin their planning in eighth grade. She stated that the Board will have to continue to try to make weighted grades work and noted that more students are enrolling in AP classes. She reported that the FY05 budget revisions will be discussed at the next Board worksession and noted that the recommended purchase of new reading materials caught the Board by surprise. She stated that she hopes the Board can take action at the next meeting and expressed regret that assistance for overcrowded classrooms could not be provided immediately. She stated that she shares Ms. Germano's concern about placing toll free calls to Central Office. She wished those present a Happy Holiday.

ADJOURN:
(9:19:41 PM)

At 9:19 p.m., Mrs. Mullins moved the School Board Meeting be adjourned. Ms. Germano seconded.

Motion carried unanimously.

Respectfully submitted,

Ms. Sandra Wassilie, Vice President

Mrs. Debra Mullins, Clerk

Community Action Coalition for Prevention
Central Kenai Peninsula, Alaska
Fall, 2004

Here in our communities of the Central Peninsula in rural Alaska, the setting may be unique, but the challenges are similar to those facing communities throughout our neighboring "lower 48." And, like those communities, our leaders have identified risks, needs, and opportunities resulting in a number of programs designed to improve the quality of life for all. However, our approaches to date have been segmented, and most are without a basis of measurement for success, and some without a sustainable plan for continued operation. It is evident that there is a need for coordination and collaboration among all of the community players.

In December, 2001, a group of dedicated health care and community leaders formed the Prescription Drug Task Force, with the express mission to "lessen affliction without addiction." This effort was launched as a result of the noted increase and disproportionate use of prescriptive narcotics, notably OxyContin, among residents of the Central Peninsula.

During the past year, the scope of the community effort has been expanded to seek ways of addressing the risk behaviors identified across the life span of those living in this area. The possibility of using a CTC® approach arose with the identification of a grant offered by Purdue Pharma, in conjunction with Channing Bete. Moving forward in this direction resulted in the creation of a separate organization, the Community Action Coalition for Prevention, with the mission ***To provide comprehensive, coordinated community programs for positive life span development and reduction of identified risk behaviors.***

The Community Action Coalition for Prevention has achieved 501(c)3 status and identified a board of officers, with membership support defined through letters of commitment. **Members** of this Coalition include Central Peninsula General Hospital, Central Peninsula Health Center, Central Peninsula Counseling Services, Healthy Communities/Healthy People, Bridges, IONIA, Headstart, local youth programs, the faith community, and local consumer representatives, including area high school students.

Plan- The Communities that Care ® Program

The Communities That Care (CTC) process incorporates an operating system that provides research-based tools to help communities mobilize and promote the positive development of children and youth and to prevent adolescent problem behaviors that impede positive development including substance abuse, delinquency, teen pregnancy, school dropout and violence. The CTC process is designed to help communities plan, implement, and evaluate proven-effective prevention programs to meet their particular needs. These programs can address some or all focus areas - family, school, community-based youth, and community. The full CTC process is based on the public health model and includes five phases:

Phase I: Getting Started -- Create preliminary organization and identify community readiness issues.

Phase II: Getting Organized -- Engage key leaders, educate and involve the community, develop a vision, and address readiness issues.

Phase III: Developing A Community Profile -- Collect data; analyze and prioritize community risk and protective factors. Conduct a resource assessment. Identify gaps.

Phase IV: Creating A Comprehensive Youth Development or Community Action Plan -- Define clear, measurable outcomes. Identify strategies to address community priorities, matching proven-effective programs to specific community needs. Create action and evaluation plans.

Phase V: Implementing And Evaluating Programs -- Implement programs, conduct evaluations and refine strategies, and adjust programs. The first two sessions of the CTC series will be initiated in FY05, with an anticipated timeline of 12-18 months for completion.

Community Action Coalition Overview of Training for Communities That Care®

Training will involve a series of 5 sessions, offered 3-5 months apart, over a 12- 18 month period. Attendance at training sessions is limited to 40 participants, and the expectation is that the work done during the training sessions will be carried out and continued by the participant constituencies during the intervals between the sessions.

****Key leaders attending the initial session may choose to designate representatives to attend appropriate subsequent sessions, e.g. someone in the agency who is more in touch with community data, or has knowledge of specific resources would be appropriate for sessions 2 and 3.***

Session 1- Key Leader/Community Board Orientation:

January 28, 2005: 8:30am-4:00pm

January 29, 2005 : 9am-12 noon at the Kenai River Center

Learn basics of the foundation, the basics of the CTC process, protective and risk factors. Leadership development, group dynamics, and the culmination of a shared vision for the future of the central Peninsula's children to serve as a focal point for positive change in the communities.

Session 2- Community Assessment Training: March or April, 2005 (1 day)

This session will result in the creation of the community specific problem behaviors, risk factor and protective factor profile, to be used to focus the long-range strategic plan.

Session 3- Community Resources Assessment Training: (1 day)

This work group will complete an inventory and assessment of existing community resources and strengths addressing the identified priorities. A Comprehensive Youth Development Plan will be reviewed, to be created by the Community Board.

Session 4- Community Planning Training: (2 days)

This session will translate the community profile data into a long-range comprehensive plan for youth development. Measurable outcomes will be based on the data profile, and tested effective approaches and strategies will be identified, with a plan for implementation, monitoring and evaluation.

Session 5- Community Plan Implementation Training: (1 day)

Clarification of the role of the Community Youth Development Board, program evaluation and refinement of strategies to insure implementation success.

**** Applications are available!**

Communities That Care®
Fact Sheet

What it is...

- Provides strategic consultation, training and research-based tools to promote positive development in children and youth and prevent adolescent problem behaviors. Problem behaviors include alcohol and other drug use, delinquency, teen pregnancy, and violence.
- Based on successful public health models of community action.
- Designed to guide communities through five critical steps: community mobilization, needs assessment, prevention plan development, program implementation and outcomes evaluation.
- Involves all parts of the community in promoting healthy development.
- Targets predictors of problems.
- Identifies and addresses priority predictors specific to our community before youth become involved in problem behaviors.
- Science-based - grounded in rigorous research.

Customized to Each Community....

- Uses our own data-based community profile.
- Develops a focused, long-range community action plan for building on existing resources and filling any gaps with new resources.
- Identifies tested, effective programs, policies and practices that fit our profile to fill identified gaps.

What it can do...

- Organizes all community members who have a stake in healthy futures for young people including elected officials, parents, youth, law enforcement, schools, the faith community, the business community and public health officials.

- Brings together diverse community efforts by establishing a shared vision and collaborative approach to planning.
- Sets priorities for action based on the profile of our community strengths and challenges.
- Strengthens funding applications by providing a community profile with specific data that pinpoints the community's exact needs and priorities.

MEMORANDUM

TO: Board of Education

FROM: Melody Douglas
Chief Financial Officer

SUBJECT: Budget Transfers

Budget transfers 131 and 132 have been requested by Aurora Borealis Charter School to move funds into salary accounts for a music teacher and a physical education teacher.

Budget transfer 140 has been requested by the Fiscal Services Department to establish gas utility budgets at locations where natural or bottled gas is used for heating. These charges have been shown as "Fuel for Heating", but that category is being split to show "Natural / Bottled Gas" separately from "Fuel Oil" to assist future budget planning.

Budget transfer 141 has been requested by the Fiscal Services Department to adjust telephone budgets between locations as a result of changes in usage and billing.

Budget transfer 147 has been requested by the Pupil Services Department to move funds from salary and benefit accounts for unfilled positions to pay for services contracted to meet student needs as determined by the IEP process.

These budget transfers exceed \$10,000; therefore, they require Board of Education approval per Board Policy 3120. Approval by the Board of Education is recommended.

SUBJECT: Revision to AR 0420 - Site Councils

A significant change has occurred in the selection of administrators for school sites. The main reasons for the shift away from site council selected hiring committees are:

- 1) downsizing of administrative staff requiring transfers within the system
- 2) decreasing availability of experienced administrative candidates
- 3) large number of administrative openings to be filled
- 4) timing of resignations

For the last two years, when vacancies have occurred in the administrative positions, all current administrators have been given the opportunity to transfer to the position. This practice mirrors the transfer language of our other bargaining groups. After it is determined that there is no suitably matched internal applicant for the position, the administrative position is advertised in the usual manner and open to all candidates. In most cases, prior to a selection, I meet with the site council and other interested members of the community and staff to explain the process and gather input regarding the priorities for that school and community. We all have the same goal - the best administrative match for the school. Using the list of priorities developed from these meetings, a set of questions is created to determine who best meets the community and district criteria. A selection is made and the recommendation forwarded to the School Board.

In order to match policy with practice, the administration recommends approval of the attached change to Administrative Regulation 0420 regarding site councils and their role in the selection of the school administrator.

SCHOOL-BASED MANAGEMENT/SITE COUNCILS (continued)

General Operation:

The principal remains the sole administrator of the school and will operate the school within the normal constraints of the district, including working with the school council. When districts and schools establish school councils that foster involvement focused on improving student achievement, all children benefit. To that end, input from school councils will be considered on decisions affecting school improvement plans such as:

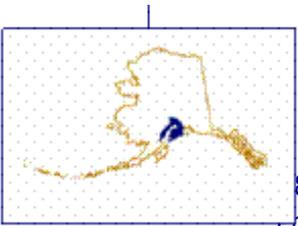

- Inservice plans
- School staffing patterns
- Curricular initiatives/projects/courses
- Capital improvement and maintenance project needs
- Co-curricular activities
- School policies
- School budget
- Scheduling
- Preferred qualifications/characteristics for staff hires

Selection of School Administrator:

~~If a vacancy exists for the principal/principal teacher, the Superintendent will consult with the school council regarding preferred qualifications/characteristics. The school council will assist in selection of the hiring committee. The Superintendent will cause the position to be advertised, will receive applications, screen and evaluate materials, and conduct pre-hiring interviews. The Superintendent will prepare a list of qualified and acceptable candidates to be interviewed. The interview will be followed by a discussion with the hiring committee and the~~ **[When a vacancy at a school site for the principal/principal teacher becomes known, the Superintendent will consult with the School Council. The Council will provide the Superintendent with input regarding selection qualifications for candidates. Additionally, opportunities will also be provided for individual community or school members to provide information regarding preferred qualifications/characteristics that they would like candidates to possess. If an opening is determined, the Superintendent will cause the position to be advertised, will receive applications, screen and evaluate materials and conduct interviews. When possible, interviews will be open to the public to observe and will be conducted at the school with written opportunities for evaluation available to those observing.]** Superintendent will make the selection, subject to approval by the Board of Education.

Waiver Process:

School councils that conclude their work in improving student performance is impeded or frustrated by the existence of a policy or regulation may petition for a waiver from the requirements. Written requests are submitted for consideration by the Superintendent. Waivers of policy and regulation must meet the following criteria:

Kenai Peninsula Borough School District

January 4, 2005

Item 11b

TO: Board of Education

FROM: Guy Fisher, Assistant Superintendent

SUBJECT: First Reading of Revision to BP 3311

It is the recommendation of the administration that the attached proposed changes pertaining to E-Rate Purchases be adopted by the school board. The Federal Communications Commission (FCC) sets the operating rules for the E-Rate program. It is the FCC's intent that the E-Rate rules not supercede local procurement policies. However, the district has some procurement policies that might appear to be in direct conflict with FCC E-Rate rules.

District procurement policies have been designed to provide everyone a fair and open competitive bidding process while giving the school district the best value for our dollar. Likewise, the FCC E-Rate guidelines are designed to provide everyone a fair and open competitive bidding process while providing the best value for the district and the FCC. Both the district and the FCC policies arrive at a fair and open competitive bidding process, but both take a different path to get there. Trying to keep a foot on each path is unnecessarily redundant and is proving problematic. It is our intent to closely follow the FCC E-Rate program rules and align to the common E-Rate practices that all E-Rate participants expect. We believe the proposed changes to district policy clarify that intent. This language has been reviewed by legal council.

This policy is presented for first reading

BP 3311(a)

Bids

The District shall purchase equipment, supplies and services on a competitive bidding basis when required by law and whenever it appears to be in the best interest of the District to do so. Purchases with an estimated cost of \$15,000 or more shall be formally bid. Award or rejection of bids shall be managed by the Superintendent. The following items may not be subject to formal bid procedures.

1. books
2. proprietary (sole-source) items or services
3. supplies or equipment needed in emergencies
4. weekly or monthly food service purchases
5. goods or services provided under contract or from federal, state or local government contracts.

Purchases of \$5,000 or more but less than \$15,000 require formal quote procedures that include written price quotes from a minimum of three (3) vendors. Awards will be made by the purchasing office subject to final approval by the Superintendent.

Purchases less than \$5,000 require, when practical, informal quote procedures that include verbal or written price quotes from three (3) vendors. Awards will be made by the purchasing office subject to final approval by the Superintendent.

To ensure that good value is received for funds expended, specifications shall be carefully designed and shall describe in detail the quality, delivery and service required.

[E-RATE PURCHASES

Purchases made pursuant to the E-Rate program, which is governed by the Federal Communications Commission, shall be made on a competitive basis subject to the provisions of this paragraph. Such purchases are not subject to any provisions in the school district purchasing policies or regulations that may be inconsistent with the E-Rate purchasing provisions.

The district shall designate a specific individual to oversee the E-Rate application process in order to ensure that it is accurate and that the equipment and services to be purchased are eligible for E-Rate funding. Such individual shall devise an open, fair, competitive bidding process, separate and apart from other district procurement policies, that meets all

BP 3311(b)

E-RATE PURCHASES (continued)

rules of the E-Rate program. This process shall be overseen by, and subject to the approval of, the Superintendent for the district.]

Contractor's Violations of Tax Ordinances

No contract or purchase order shall be awarded to any individual or business who is found to be in violation of the Kenai Peninsula Borough Code of Ordinances in the several areas of taxation which is not remedied within ten (10) days of notice.

Any contract can be terminated for cause if it is determined that the contractor is in violation of any taxation ordinance and if such violation is not remedied within ten (10) days of notification by regular mail. If the delinquency arises due to non-filing of sales tax, no payment will be made to the contractor until all filings have been made and all amounts due are remitted.

The District will remit any amounts owed by its contractor(s) to the Kenai Peninsula Borough for delinquent Borough taxes against any amount owing to the contractor(s) under a contract between the District and the contractor(s).

HIGH SCHOOL GRADUATION REQUIREMENTS

Eligibility to Graduate

- A. In order for a new student entering the Kenai Peninsula Borough School District to receive a Kenai Peninsula Borough School District diploma, he/she must be enrolled as a full-time student by the beginning of the second semester of the senior year and fulfill all requirements of the District. To be considered full time, a student is required to enroll for a minimum of 2.0 credits per semester (e.g., four courses at .5 credit each, or two courses at 1.0 each).
- B. Students enrolling in a District school during the second semester of their senior year must enroll in the District for a minimum of 2.0 credits (e.g., 4 courses at .5 credit each or 2 courses at 1.0 credit each for the semester).

For new students transferring to the District as seniors in their second semester who do not plan to receive a Kenai Peninsula Borough School District diploma, the following process is allowed. Upon request of the parent, student and former school district, the Kenai Peninsula Borough School District school will send the previous school progress reports so a diploma may be granted by the previous school or previous school district. The student may participate in the Kenai Peninsula Borough School District graduation ceremony provided they are receiving a diploma from their previous school or district.

- C. In order to receive a Kenai Peninsula Borough School District diploma, students who leave the District must either fulfill graduation requirements before they leave or have completed an approved plan for meeting the requirements prior to the graduation date. This plan must be approved by the principal of the school granting the diploma, and by the District assistant superintendent of instruction.
- D. Deviation from these requirements may be approved by the Superintendent of schools as recommended by the building principal.

Credit for Home School, Private School or Correspondence Courses

- A. Credits received from schools accredited through state departments of education or regional accreditation associations will be accepted by the Kenai Peninsula Borough School District.

HIGH SCHOOL GRADUATION REQUIREMENTS (continued)

- B. Credits claimed from nonaccredited schools will be subject to approval by the district instructional team credit and course review committee according to the following criteria:
 1. Students must provide evidence of work completed for the course for which credit is requested.
 2. Students must demonstrate competency in the language arts, mathematics, science and social studies course for which credit is requested; such competency should be equivalent to that of other Kenai Peninsula Borough School District students who have received credits for a similar or like KPBSD course.
 3. In order to receive credit outside the core areas, the student must provide evidence of work completed and an assessment of work completed which will be evaluated by the District instructional team credit and course review committee.

Eighth Grade Credits

No credits are recognized for graduation for courses taken during the eighth grade. Students may, however, receive high school credit for junior high work if, as ninth grade students, they successfully challenge the course using current policy.

Weighted Grades

Beginning in the 2004-2005 school year, additional quality points will be assigned for College Board Advanced Placement (AP) courses for the purpose of calculating grade point average (GPA). For each passing semester grade in an Advanced Placement course, 0.021 will be added to the student's cumulative GPA.

Deleted: weighted grades

Deleted: A weighted grade of A will be worth 5 points, a weighted grade of B worth 4 points, a weighted grade of C worth 3 points, a weighted grade of D worth 2 points and an F worth 0 points.

Credit Limitations

No more than one (1.0) credit of classroom aide experience during the high school career can qualify toward graduation.

CONCEPTS AND ROLES

The School Board acknowledges that policies, procedures and regulations are the basis for all aspects of the management of the District. It is the intent of the Board to comply with federal, state, local and negotiated agreements. Any District policy, procedure, regulation or provision of negotiated agreements is subject to compliance with federal, state or local statutes.

The School Board

- 1. Establishes and adopts Board policy.
2. Hires and evaluates the Superintendent.
3. Approves the employment of all certificated employees.
4. Approves all negotiated agreements with employee groups.

The Superintendent

- 1. Is responsible for implementing Board policy.
2. Is responsible for all aspects of the management of the District. These duties include but are not limited to:
a. Nominating employment to the Board of all certificated personnel.
b. Assuring compliance with negotiated agreements.
c. Evaluation of all District employees.
d. Student academic achievement.

DRUG AND ALCOHOL-FREE WORKPLACE

The School Board believes that the maintenance of drug-free and alcohol-free workplaces is essential to school and District operations. No employee shall unlawfully manufacture, distribute, dispense, possess, use, or be under the influence of any alcoholic beverage, drug, or controlled substance before, during, or after school hours at school or in any other District workplace or at any District-sponsored activity.

Deleted: ¶
Note: The Drug-Free Workplace Act of 1988 requires districts to adopt policy maintaining drug-free workplaces as specified by law and to notify their employees of such policy. The Drug-Free Schools and Communities Act includes alcohol in addition to "controlled substances," and applies to districts that receive federal funds either directly or indirectly.¶

The Superintendent shall:

1. Publish and provide access to each employee notification of the Board's policy mandating a drug-free and alcohol-free workplace. The notification shall specify the actions that will be taken against employees who violate these prohibitions. It also shall state that as a condition of employment, the employee will abide by the terms of this policy and notify the employer of any criminal drug or alcohol conviction for a violation which occurred in the workplace. Such notice by the employee must be made within five (5) days from the date of the conviction. Failure to comply with the policy shall result in termination.

3. Initiate disciplinary action within thirty (30) days after receiving notice from an employee, or otherwise, of a conviction for a violation in the workplace. Such action shall be consistent with state and federal law, the appropriate employment contract, the applicable collective bargaining agreement, and District policy and practices.

Deleted: ¶
3. Notify the appropriate federal granting or contracting agencies within ten days after receiving notification from an employee, or otherwise, of any conviction for a violation occurring in the workplace.¶

When required by law or Board policy, the Superintendent shall terminate an employee. When termination is not required by law or Board policy, the Superintendent shall (a) take appropriate disciplinary action, including termination when warranted, or (b) require the employee to satisfactorily participate in, and complete, an approved drug assistance or rehabilitation program. The Superintendent's decision shall be made in accordance with relevant state and federal laws, employment contracts, collective bargaining agreements, and District policies and practices.

As a condition of your continued employment with the District, you will comply with the District's policy on Drug and Alcohol-Free Workplace and will, any time you are convicted of any criminal drug or alcohol statute violation, notify your employer of this conviction no later than five (5) days after such conviction.

DRUG AND ALCOHOL TESTING OF SCHOOL DISTRICT COMMERCIAL DRIVER LICENSED EMPLOYEES

Purpose

The Superintendent shall establish and implement a drug and alcohol testing program for all School District personnel whose duties require them to hold a Commercial Drivers License (CDL). For the purposes of this policy, these drivers will hereafter be referred to as "driver."

- Deleted: superintendent
- Deleted: school
- Deleted: district

The purpose of the testing program shall be to help prevent accidents and injuries resulting from the misuse of drugs and alcohol by drivers with CDLs. This program shall test drivers for improper use of drugs and alcohol, and shall include pre-employment, random, post-accident and return-to-duty testing. Improper use of drugs and alcohol consists of use that constitutes a criminal offense, or otherwise violates the regulations of the Department of Education.

Prohibited Conduct

No personnel employed by the School District as drivers of motorized vehicles shall report for, or remain on duty, when the driver has used any controlled substance, or has a prohibited concentration of alcohol in the driver's system. The only exception is when a driver has used a controlled substance pursuant to the instructions of a qualified physician who has advised the driver, in writing, that the substance does not adversely affect the driver's ability to safely operate a motorized vehicle for the transportation of students. The driver shall provide a copy of the physician's written advice to the driver's supervisor and the School District Human Resources Department prior to operating any motor vehicle for the School District.

Required Testing

Drivers shall be subject to pre-employment, pre-duty, reasonable suspicion, random, post-accident, return-to-duty, and follow-up alcohol and drug testing. Random alcohol testing shall be limited to the time period surrounding the performance of safety-related functions, which include just before or just after the employee performs the safety-related function for the District. Controlled substance testing may be performed at any time the driver is at work. An employee subject to this testing may not refuse to take a test when required.

DRUG AND ALCOHOL TESTING OF SCHOOL DISTRICT COMMERCIAL DRIVER LICENSED EMPLOYEES

School District personnel whose duties require them to hold a Commercial Driver's License (CDL) are subject to drug and alcohol testing pursuant to a program that complies with state and federal laws. For the purposes of this regulation, these drivers will hereafter be referred to as "driver." These District regulations reflect several requirements of the federal drug testing regulations, but are not intended to modify or limit the procedures for drug and alcohol testing specifically addressed in state or federal law. District personnel will adhere to the detailed provisions of these laws in administering the District's testing program.

Definitions

For purposes of these regulations, the term "tests" includes both drug and alcohol tests, unless specifically stated otherwise, in context.

The terms "drugs" and "controlled substances" have the same meaning and are interchangeable in these regulations.

"Safety-sensitive functions" include all on-duty functions performed from the time a driver begins work, or is required to be ready to work, until the driver is relieved from work and all responsibility for performing work as a driver. These functions include, by way of example, driving, waiting to be dispatched, inspecting and servicing equipment, supervising, performing or assisting in loading and unloading, repairing or obtaining and waiting for help with a disabled vehicle, performing driver requirements related to accidents, and performing any other work for the District.

Deleted: district

Prohibited Conduct

Drivers shall be prohibited from any drug or alcohol use that could affect performance on the job, including use during the four (4) hours before driving, during any period of time the employee is driving, and during the eight (8) hours following an accident, should one occur.

DRUG AND ALCOHOL TESTING OF SCHOOL DISTRICT COMMERCIAL DRIVER LICENSED EMPLOYEES (continued)

Any driver required to use a controlled substance during any of these periods shall obtain, in advance, a written statement from a qualified physician instructing the employee to use the controlled substance and advising the employee that the substance does not adversely affect the employee's ability to safely operate a school bus or other motor vehicle. It is the employee's responsibility to submit this document to the employee's supervisor prior to using the controlled substance during any of the prohibited periods described above, and to use the substance in accordance with the physician's instructions.

REQUIRED TESTING

Pre-employment Tests

Drug tests will be required of an applicant for a position as a driver only after the individual has been offered the position. Pre-employment tests shall be conducted before the first time a driver performs any safety-sensitive function for the District. Employment with the District is conditional upon the applicant successfully passing these tests.

Deleted: district
Deleted: district

Unless otherwise prohibited by law, exceptions may be made for drivers who have had the drug testing program required by law within the previous thirty (30) days, provided that the District has been able to make all verifications required by law.

Deleted: district

Post-accident Tests

Before any employee may operate a vehicle, the District will provide the employee with information concerning post-accident testing procedures. Alcohol and drug tests will be conducted as soon after an accident as is practicable on any driver who:

Deleted: district
Deleted: post

1. ___ caused a preventable accident involving damages exceeding \$1,000; or
2. ___ was performing a safety-sensitive function with respect to the vehicle and the accident involved serious injury or the loss of human life; or,
3. ___ received a citation under any state or local law for a moving traffic violation arising out of the accident.

Deleted: .

Drivers shall make themselves readily available for drug and alcohol testing after an accident, absent the need for immediate medical attention. No driver involved in any accident, whether or not there was serious injury or death, may use alcohol or a controlled substance for eight hours after the accident, or until the employee has undergone a drug and alcohol test, whichever is first.

DRUG AND ALCOHOL TESTING OF SCHOOL DISTRICT COMMERCIAL DRIVER LICENSED EMPLOYEES (continued)

If an alcohol test is not administered within two (2) hours after the accident, or a drug test is not administered within ~~thirty-two (32)~~ hours after the accident, the ~~District~~ will prepare and maintain records explaining why the test was delayed, or not conducted.

Deleted: district

Reasonable Suspicion Tests

Whenever a supervisor or ~~District~~ official has a reasonable suspicion that a driver has violated the ~~District's~~ prohibitions against the improper use of alcohol or drugs, the ~~District~~ may conduct a test of that driver. This reasonable suspicion must be based on specific, contemporaneous, articulated observations concerning the driver's appearance, behavior, speech or body odors. These observations also may include indications of chronic use, or the withdrawal effects of controlled substances.

Deleted: district

Deleted: district

Deleted: district

Alcohol tests will be authorized for reasonable suspicion only if the required observations are made during, just before, or just after, the period of the work day when the driver must comply with these prohibitions. If an alcohol test is not administered within two (2) hours of a determination of reasonable suspicion, the ~~District~~ will prepare and maintain a record explaining why a test was not conducted within that time. Attempts to conduct an alcohol test will terminate after eight (8) hours.

Deleted: ,

Deleted: district

A supervisor or ~~District~~ official who makes a finding of reasonable suspicion, also must make a written record of the observations made that lead to a reasonable suspicion. This written record must be made within ~~twenty-four (24)~~ hours of the time the test is given, or before the test results are released, whichever is first. The individual making the reasonable suspicion shall not be the individual conducting the test, unless other persons qualified to administer the test are not reasonably available, and there is danger that a proper test will not be conducted.

Deleted: district

Random Tests

Drug and ~~alcohol~~ tests of drivers shall be conducted on a random basis at unannounced times throughout the year. Tests for alcohol or drugs shall be conducted just before, during, or just after the performance of safety-sensitive functions. The number of random alcohol tests annually must equal 10% of the average number of driver positions. ~~The number of random drug tests annually~~ must equal 50% of the average number of driver positions. Drivers shall be selected by a ~~scientifically~~-valid random process, and each driver shall have an equal chance of being tested each time selections are made.

Return to Duty Tests

Deleted: duty

Prior to being permitted to return to performing safety-sensitive functions for the School District, a driver shall be administered a drug or alcohol test, as appropriate. Employees whose conduct involved misuse of drugs or alcohol may not return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result, or the return-to-duty alcohol test produces a verified result that meets federal and District standards.

Follow-up Tests

A driver who violates the District's drug or alcohol prohibition and is subsequently identified by a substance abuse professional, as requiring assistance in resolving a drug or alcohol problem, will be subject to unannounced follow-up testing as directed by the professional, in accordance with law. Follow-up alcohol testing will be conducted just before, during, or just after the time when the driver is performing safety-sensitive functions.

Deleted: district

Enforcement

Any driver who refuses to submit to a post-accident, random, reasonable suspicion, or follow-up test shall not perform, or continue to perform, safety-sensitive functions.

Drivers who test positive for alcohol or drugs in violation of this policy or law shall be subject to disciplinary action up to, and including, dismissal.

Records

Employee drug and alcohol test results and records shall be maintained under strict confidentiality and released only in accordance with law. Upon written request, a driver shall receive copies of any records pertaining to the employee's use of drugs or alcohol, including any records pertaining to the employee's drug or alcohol tests.

Records shall be made available to a subsequent employer or other identified persons only as permitted by law and expressly requested, in writing, by the driver.

DRUG AND ALCOHOL TESTING OF SCHOOL DISTRICT COMMERCIAL DRIVER LICENSED EMPLOYEES (continued)

Notifications

Each driver shall receive copies of educational materials that explain the requirements of the Code of Federal Regulations (CFR), Title 49, Part 382, together with copies of any other required materials, and a copy of the District's policy and regulations for meeting these requirements. Representatives of employee organizations shall be notified of the availability of this information. The information shall identify:

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA) PRIVACY POLICY

In General

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) authorized the Secretary of Health and Human Services (HHS) to establish standards for protecting the privacy of personal health information (PHI). HHS has issued regulations, with compliance to begin on April 14, 2003. This policy is intended to comply with those HHS regulations. However, because the regulations are fairly complex and subject to differing interpretations, the Superintendent is directed to recommend updates to this policy as new information becomes available.

HIPAA Coverage

The District has determined that certain functions of the District are covered functions, making the District a covered entity under HIPAA. The District is covered in two ways. The District is a “health care provider” as defined by HIPAA. The District declares itself to be a “hybrid entity,” which means that only the covered functions of the District’s operations (i.e., group health plan and student health services) are subject to HIPAA.

Implementation Procedures for Health Plan Records

In order to comply with HIPAA’s privacy standards, the District has taken the following steps:

1. Contact Person. The District has designated the Plan Administrator as the contact person responsible for receiving complaints about HIPAA compliance and providing additional information about the District’s HIPAA practices and procedures.
2. Privacy Officer. The District has designated the Plan Administrator as the Privacy Officer for HIPAA purposes. The Privacy Officer is responsible for developing and implementing privacy policies and procedures for the District, training District staff, and monitoring compliance. The Privacy Officer shall also be responsible for receiving complaints about HIPAA violations and for providing information about matters covered by privacy notices.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA) PRIVACY POLICY (continued)

3. Security of PHI Records. District officials must ensure that health plan records containing individually identifiable personal health information (PHI) are secure so that these records are readily available only to the minimum number of individuals who need them to carry out treatment, payment or health care operations (TPO). The Privacy Officer shall develop privacy of PHI. The Superintendent should review these practices on a periodic basis.
4. Authorization of Disclosure of PHI. HIPAA does not require participant authorization for health plan officials to use or disclose PHI for purposes of treatment, payment or health care operations. With some exceptions, disclosure of PHI by health plan officials (except for purposes of treatment, payment or health care operations) requires written authorization signed by the individual in question. The Privacy Officer shall determine activities and transactions that require an authorization and will develop an authorization form that complies with the HIPAA Privacy Rule.
5. Notice of Privacy Practices. District officials will provide a notice to health plan participants about their privacy rights and how their PHI will be used. Such information is known as a Notice of Privacy Practices. The notice must not only be provided by the date of disclosure, except in an emergency, but the District must make a good faith attempt to obtain the individual's acknowledgement of receipt of such notice.
6. Business Associates. A "business associate" is an outside business that provides various administrative services or assists with the District's health plan. The District shall identify its business associates, and shall enter into a written contract to safeguard PHI before the District can share PHI with the business associate. The deadline for having agreements in place is April 14, 2004.
7. Training. The District shall train those District employees who work in areas covered by the HIPAA Privacy Rule and who have access to PHI to follow the appropriate procedures to ensure PHI is not disclosed except as allowed by law.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996 (HIPAA) PRIVACY POLICY (continued)

8. Complaints. There shall be a complaint procedure in place whereby written complaints related to PHI and HIPAA standards may be lodged. Any complainant is entitled to a hearing before the Privacy Officer, who has ten (10) school days to rule on such complaint. If the complainant is not satisfied with the disposition of the complaint, he/she may appeal to the Superintendent, who shall review the matter and make a final decision within fifteen (15) school days of receiving written notice of the appeal. The District shall not intimidate, threaten, coerce, discriminate against, or take any other retaliatory action against any individual exercising his or her HIPAA rights.

Student Records

Although the District is a “health care provider” under HIPAA because of the health care services it provides to students, student records are not subject to HIPAA. The HIPAA Privacy Rules expressly exempt from coverage student records covered by the federal law known as the Family Educational Rights and Privacy Act (FERPA). Such records are not governed by HIPAA even if they contain individually identifiable health information.

Employee Records

The HIPAA Privacy Rule does not govern a School District’s obligations as an “employer” to maintain, use or disclose medical records of its “employees.” Those obligations flow from the Americans with Disabilities Act and should be dealt with in accordance with those laws. Similarly, the HIPAA Privacy Rule prohibits the District from using PHI created by or received by the group health plan for employment-related functions.

Hiring Procedures

When a supervisor has a member of his/her immediate family apply for a position that is under said supervisor's authority, the following procedures are to be followed:

1. Supervisor is to review BP 4112.8, BP 4212.8, and BP 4312.8.
2. Upon review of policies, the supervisor is to contact the Human Resource Director.
3. Upon notification from a supervisor that a candidate has applied for a position that falls under the governance of BP 4112.8, BP 4212.8, or BP 4312.8, the Human Resource Director shall require the supervisor to provide a written explanation that justifies the reason for the necessity of interviewing and potential hiring of an immediate family member governed by BP 4112.8, BP 4212.8, and 4312.8. Such a written explanation must address the topic of number of qualified candidates and how said applicant, if selected, would be supervised and evaluated per BP 4112.8, BP 4212.8, and BP 4312.8.
4. The Human Resource Director will meet with the Superintendent upon written receipt of the supervisor's request to interview said candidate accompanied by the required documentation. The Human Resource Director will present the Superintendent with the aforementioned documentation, plus copies of employment announcements promulgating the position, along with the Human Resource Director's recommendation.
5. The Superintendent shall consider the Human Resource Director's request and respond in a timely manner to allow or deny the applicant interview privileges.
6. Once a candidate is considered for an interview, he/she will be considered equally with all other candidates for the job.

HARASSMENT

The School Board recognizes that harassment can cause embarrassment, feelings of powerlessness, loss of self-confidence, reduced ability to perform schoolwork, and increased absenteeism or tardiness. The Board shall not tolerate the harassment of any student by any other student or District employee. Any student or employee who is found guilty of harassment shall be subject to disciplinary action.

The Board encourages students or staff to immediately report incidences of harassment to the Principal or designee.

Harassment means intimidation by threats of or actual physical violence; the creation by whatever means of a climate of hostility or intimidation; or the use of language, conduct, or symbols in such a manner as to convey hatred, contempt, prejudice or to have the effect of insulting or stigmatizing an individual. Harassment includes, but is not limited to, harassment on the basis of race, sex, creed, color, national origin, religion, marital status, disability, or any other real or perceived difference.

HARASSMENT

To promote an environment free of harassment, the Principal or designee shall take appropriate actions such as removing vulgar or offending graffiti, establishing site rules, and providing staff inservice or student instruction and counseling. Principals shall discuss this policy with their employees and shall assure them that they need not endure any form of harassment.

The Superintendent shall promptly investigate each complaint of harassment in a way that ensures the privacy of all parties concerned. In no case shall the student or staff member be required to resolve the complaint directly with the offending person.

Notice of this policy will be circulated to all District schools and departments and incorporated in teacher and student handbooks.

UNIVERSAL PRECAUTIONS

"Universal Precautions" is an approach to infection control. According to the concept of universal precautions, all human blood and certain human body fluids are treated as if known to be infectious for HIV, HBV and other blood-borne pathogens. (29 CFR 1910.1030 (b))

Human immunodeficiency virus (HIV) and hepatitis B virus (HBV) can be found in blood, semen, vaginal secretions and breast milk. Other body fluids such as feces, urine, vomit, nasal secretions, sputum, and saliva may contain infectious germs that cause other diseases. It is not always possible to know when blood or body fluids are infectious; therefore, all body fluids shall be handled as if infectious.

All students and staff shall routinely observe the following Universal Precautions in order to decrease the risk of occupational exposure to infectious disease:

1. Wear disposable latex gloves, or their equivalent, whenever you might come in contact with blood, other body fluids, or contaminated items or surfaces. This includes but is not limited to caring for nosebleeds or cuts, cleaning up spills, or handling clothes soiled by blood or body fluids. Do not reuse gloves. Correct glove removal is essential to decreasing occupational risk. Remove used gloves by grasping the outside of one glove with the other gloved hand. Carefully remove this glove and hold it with the fingers of the remaining gloved hand. Place the fingers of the ungloved hand inside the remaining glove at the wrist. Remove this glove by turning it inside out as it is pulled from the second hand. At no time should an ungloved hand touch the outside of either glove. This is best reviewed as a visual demonstration. Please contact your school nurse if you are unfamiliar or unsure of your technique. Dispose of used gloves in a lined waste container. Gowns or smocks should also be worn if you anticipate soiling of clothes by body fluids or secretions.

2. If the administrator is on **other leave**, s/he must send the Superintendent an e-mail leave form prior to the absence. When appropriate (as noted on leave grid), the leave form will be forwarded to payroll.
3. If the administrator is **absent from the building** for more than half of a day at a non-central office sponsored training/meeting (Region III, KPSAA, field trips, etc.), s/he must notify the Superintendent of the absence (an e-mail message is acceptable).
4. If the administrator works in a **one-administrator school**, s/he must identify who will act as the administrator-in-charge while away from the building. Administrators must make sure that the "backup" person knows what to do in the case of a critical incident and perhaps designate a neighboring Principal to call for help. A central office person or support employee should NOT be the primary backup. Central Office is available for emergencies.

It is appreciated when administrators try to save on substitute costs, but there are times when substitutes are necessary. If a regular administrative substitute is not available, mentor a teacher in the building. Schools that have a teacher designated as the person-in-charge should strongly consider training a substitute who can immediately step into that teacher's classroom so that they can handle a discipline situation or crisis.

LEAVES

Certificated management and supervisory employees shall be entitled to those leave provisions provided in the certificated agreement unless otherwise specified in Board policy, administrative regulations or individual contract.

Support management and supervisory employees shall be entitled to those leave provisions provided in the support negotiated agreement unless otherwise specified in Board policy, administrative regulations or individual contract.

EMPLOYEES WITH INFECTIOUS DISEASE

4319.41

Each employee shall inform the district as soon as possible if he/she contracts an infectious disease which causes a physical or mental disability.

The Board may reassign or grant leave to an employee who is unable to perform his/her job responsibilities because of illness or because the employee's illness significantly endangers his/her health or safety or the health or safety of others.

No employee will be discriminated against because of his/her disability. Legal protections established for disabled persons extend to individuals significantly impaired by infectious diseases.

(cf. 4030 - Nondiscrimination in Employment)

(cf. 4112.4/4212.4/4312.4 - Health Examinations)

When informed that an employee has a disabling infectious disease, the employee shall sign a release form to provide confidential medical information and records.

In determining a reasonable accommodation of the employee's condition, the Superintendent or designee may consult with public health officials or physicians with expertise in the diagnosis and treatment of infectious disease. The Superintendent or designee may appoint a physician to evaluate the employee's condition or communicate with the employee's physician regarding the employee's ability to perform the essential requirements of the job with reasonable accommodation and without posing significant health or safety risks to the employee or others.

The Superintendent or designee shall prepare a confidential report which includes his/her recommendation and the medical information upon which it is based. These recommendations shall take into consideration:

1. The nature of the disease and the probability of its being transmitted, including the duration and severity of the risk.
2. The physical condition of the employee, including diagnosis, treatment, and prognosis of the condition.

3. The actual requirements of the employee's job and the expected type of interaction with others in the school setting.

EMPLOYEES WITH INFECTIOUS DISEASE (continued)

This report may be forwarded to the Board for confidential review and appropriate action.

The job assignment of an employee with a disabling infectious disease shall be reevaluated whenever there is a change in medical knowledge or in the employee's medical regimen or health which might affect his/her assignment.

Confidentiality

The Board and the Superintendent or designee shall ensure that employee rights to confidentiality are strictly observed. The district shall disclose medical record information only to the extent required or permitted by law. The medical records of any employee with a disabling infectious disease shall be held in strict confidence.
