Intervention Team -
Student concern is introduced

Gen. ed. classroom interventions discussed –
Refer to “Interventions for Classroom Difficulties” and data collection form

I-Team Follow Up -
Discuss intervention results and review data form collection (4–6 weeks later)

Progress?
Yes
Continue with general ed. interventions as needed.

No
Request OT Screening –
OT gives referral form to gen. ed. teacher (with written or documented verbal permission)

General ed. teacher gives completed form back to OT along with data collection form

OT completes screening and writes brief report

OT collaborates with teacher, reviews report, discusses further interventions.

End of OT Involvement

Involvement of the Related Services Occupational Therapy
Non-Special Education Students
