KENAI PENINSULA BOROUGH SCHOOL DISTRICT

148 North Binkley Street Soldotna, Alaska 99669-7553 Phone (907) 714-8888 Fax (907) 262-9132 www.kpbsd.k12.ak.us

SCHOOL BOARD	COMMUNICATION		
Title:	2012-13 Class Size Enrollment Report and Budget	Update REVISI	ED
Date:	November 20, 2012	Item Number:	Worksession
Administrator:	Steve Atwater, Superintendent Man Roah Sean Dusek, Assistant Superintendent Sun Duse		
Attachments:	2012-13 Enrollment Summary and Class Size Repo	ort	
Action Needed	x For Discussion Information	Other:	

BACKGROUND INFORMATION

Class Size Enrollment Report. The annual Class Size Enrollment Report is an important data set because it provides a cross check with student projections and staffing decisions. The size and configuration of our schools makes comparisons difficult. It is important to view each school individually, as well as compare schools of similar size. In addition to the Class Size Report, information is included that lists the Number of Sections for each school; a Class Size Comparison by Year for the last five years; a Comparison of Pupil Teacher Ratios (PTR); and a Average Annual Class Size for Core Classes. At the Board's request, we have also added Average Annual Class Size for Core Classes; Advanced Placement and Non Traditional Education. The PTR comparison is one way to look at equitable staffing in all our schools. The information provided in the report displays individual school sites on the first of October.

Please note, **only general education classes/students** are included in this count. Additionally, in the communities of Kenai, Nikiski, Seward, Soldotna, and Homer, schools were placed in similar tables. For the purpose of analysis, we elected to group schools in the same way that the Human Resources Department does for staffing purposes. The groupings are as follows:

- large high schools
- middle schools
- elementary and K-8 schools
- small schools, and
- other schools

Please keep in mind that whenever data is aggregated, there is a risk in making unfair comparisons. For instance, it is more difficult to staff smaller schools because they are inherently less efficient to operate than larger schools.

Budget Update. The October student count allows us to calculate our level of state revenue for FY13. Because the student count and the amount of state revenue are about what we expected, our estimate of using \$2.7 million in fund balance in FY13 remains unchanged. Looking ahead to FY14, if we are to roll forward our existing level of service and not include the one-time monies received in FY13, then our use of fund balance will increase. We are thus, at a point of either budgeting the use of a larger amount of our fund balance for FY14, or reducing the amount of fund balance use by reducing our level of service.

This portion of this worksession is scheduled for you to review our projected use of fund balance and to review the district's options for reducing services as a way to reduce expenditures.
