KPBSD Mission Statement		KPBSD Vision Statement	KPBSD Guiding Principles
The mission of the Kenai Peninsula Borough School District is to develop productive, responsible citizens who are prepared to be successful in a dynamic world.		We envision KPBSD students who engage in their learning, participate in their community, reach high levels of achievement, and graduate prepared for their future.	Each student can learn and be successful. Every student is recognized as unique, valuable, and is treated with respect and dignity. Learning is a lifelong process. The educational environment is safe, engaging and purposeful.
Step 1: Using the questions below, discuss each of the key areas related to KPBSD's strategic plan			
Step 2: Based on your discussion, use the Harvey Balls below to make a current selection for each area			
Emerging: Not yet addressed or minimal foundation in place at this time; we have significant room for growth to get where we want to be		 Emerging	
Developing: Good foundation in place at this time; still much room for growth to get where we'd like to be		 Developing	
Advancing: Excellent foundation in place at this time; we have some room for growth to get where we'd like to be		 Advancing	
Sustaining: In fantastic shape right now and just need to sustain what we have; little to no room for growth at this time		 Sustaining	
Area of Focus: Rigor		Record discussion notes here	Select a current ranking for your school in this area

<p>Rigor Goal: All students will achieve high levels of academic rigor.</p> <p>Key Discussion Questions:</p> <ul style="list-style-type: none"> - In what ways do our instructional strategies create rigor in the classroom? - How well does do our metrics measure student performance? - Is student growth and success determined through multiple measures of learning? - What steps might we take to increase the rigor of our classrooms? 	<p>August 17th- worked with other partner schools (CL, Hope, MP, I think our metrics do a good job of measuring student performance. Student growth and success are determined through multiple measures</p>	<p>Emerging</p>
Area of Focus: Relevance	Record discussion notes here	Select a current ranking for your school in this area
<p>Relevance Goal: Experience a personalized learning system.</p> <p>Key Discussion Questions:</p> <ul style="list-style-type: none"> - In what ways do we create a flexible instructional model that meets the needs and interests of each learner? In what ways might we improve? - How do we help our students to develop healthy lifestyles and make healthy choices? - How can our school better engage families and leverage resources beyond the classroom? 	<p>Creating a flexible model to meet the needs of every learner is a sure! I think the first step is listening for sure, and not rejecting an idea just because I have never done it, it seems too hard, or it seems to be something I have never done such as “computers.” I always think I can’t do “techie” kinds of things, but learning how to do it save me time, make my classroom more efficient, and increase the my students. So well worth the effort on my part. Healthy choices: Best way I know to help students is to model healthy choices ourselves ... and probably something I don’t do very well ... Keep out of the school. I admit, I am not very good at that! I try to only give out healthy snacks at school, but ... not always. LOLHope hard to engage families and leverage our resources. Sometimes it that is all we are spending the better part of our time trying to access support from our community! We have an active 4H group, come breakfast, and many, many community volunteers. We have a T exercise group that is also in its second year. We have had a field grant from a Corridor Group for three years in a row that allowed students to go on field trips to Seward and Cooper Landing. This are hoping to use some of these funds to go to the Challenger Center January. I think engaging the community and families has to be that everyone supports – Sort of the idea that the coffee pot is always the door is always open idea! No doubt, sometimes it is hard to open to community members that want to come in and share their ideas for our building, but knowing that they feel that this building somehow their building too, and they want to be a part of our project to listen to what they have to say, and always show our appreciation. Volunteer luncheons, thank you cards, follow up calls, etc.....Make we appreciate them.</p>	<p>Emerging</p>
Area of Focus: Responsive	Record discussion notes here	Select a current ranking for your school in this area
<p>Responsive Goal: Be immersed in a high quality instructional environment.</p> <p>Key Discussion Questions:</p> <ul style="list-style-type: none"> - In what ways does our school and staff prioritize strong, positive relationships with students to meet their social and emotional needs? - What instructional strategies are used by our staff to target student needs? How can we support our staff to strengthen their instructional practice? - Does our school foster a culture of innovation? What steps might we take to better support such a culture? 	<p>Positive Relationships with students ... Day in and day out our staff My instructional strategies are reading out loud (magic dice), current</p>	<p>Emerging</p>

Step 3: Based on the discussion above, select 3 areas of focus and 3 corresponding strategies for the 2017-18 school-year

Area of Focus #1	Area of Focus #2	Area of Focus #3
Relevance: Experience a personalized learning system.	Responsive: Be immersed in a high quality instructional environment.	Relevance: Experience a personalized learning system.
Strategy #1	Strategy #2	Strategy #3
Students will learn in a flexible instructional model that is fluid and developmentally appropriate for all.	Teachers will utilize a repertoire of high-yield instructional strategies that are researchbased, high quality instructional strategies, within the instructional environment.	Students will be provided instructional opportunities in partnership with parents and community that extend growth, exploration and learning beyond the classroom.

Step 4: Complete a SMART Goal for each strategy by clicking on the corresponding strategy tab below. Also, for your reference, see the additional resources below that can be used to support your School Development Plan.

SMART Goal for Strategy #1

Hope

Area of Focus #1: Relevance: Experience a personalized learning system.

Strategy #1: Students will learn in a flexible instructional model that is fluid and developmentally appropriate for all.

Step 1: Write a SMART Goal in the space provided below for this strategy

Example:

By May 2018, 20% of standard-based instruction will be provided in personalized learning model as defined by Education Elements.

Step 2: Give detail to the SMART Goal by completing the actions bank below

Action Steps: <i>What will be done? Include: professional development, ongoing communication with stakeholders, progress monitoring, and mid-year adjustments.</i>	Owner: <i>Who is responsible for leading or coordinating this action step?</i>	Timeline: <i>When will this be accomplished?</i>	Evidence of the Action: <i>What does success look like? What will be the evidence the action step occurred, the data indicating progress, or the indicator of success?</i>	Results: <i>Share results, observations, comments, etc.</i>
Collaborate with MP and CL	All teachers	October 2017	Schedule of collaboration meetings	
Participate with WAVE 2 EE	All teachers	May 2018	EE documents	

Step 3: At mid-year and EOY, repeat this process by reflecting upon your progress and considering next steps
