## SMART Goal for Strategy #1

### Mountain View

Area of Focus #1:		Rigor: All students will achieve high levels of academic growth.		
Strategy #1:		Student growth and success will be determined through multiple measures of learning.		
Step 1: Write a SMART Goal in the space provided below for this strategy				
<p><i>Example:</i></p> <p>By May of 2017, 75% of Kindergarten students will be at or above the 25th NPR on NIM, 85% of 1st grade students will be at or above the 25th NPR on Mcomp, 90% of 2nd grade students will be at or above the 25th NPR on Mcomp, 70% of students in grade 3,4 and 5 will achieve their annual targeted decile gain from Fall to Spring on Performance Series Math assessments.</p>				
Step 2: Give detail to the SMART Goal by completing the actions bank below				
<b>Action Steps:</b> <i>What will be done? Include: professional development, ongoing communication with stakeholders, progress monitoring, and mid-year adjustments.</i>	<b>Owner:</b> <i>Who is responsible for leading or coordinating this action step?</i>	<b>Timeline:</b> <i>When will this be accomplished?</i>	<b>Evidence of the Action:</b> What does success look like? What will be the evidence the action step occurred, the data indicating progress, or the indicator of success?	<b>Results:</b> <b>Share results, observations, comments, etc.</b>
Based on review of initial and subsequent AIMS web data, identify students in percentile categories and create specific strategic and progress monitoring schedules for Mcomp or Number ID (<10% weekly, 11-25% biweekly, >25% monthly). This should include coordinating with resource teachers and Title to utilize time efficiently. Create a plan for differentiating math to meet the needs of the three groups.	PLC teams	Fall and Winter assessment windows	Lesson plans indicate differentiated instruction in math to students based on AIMS web and other data. Detailed, specific schedules for strategic and progress monitoring for each group. (<10% weekly, 11-25% biweekly, >25% monthly).	After September universal screening some grade levels reinstated WIN time for math temporarily to ensure basic concepts were mastered. Strategic and Progress monitoring schedules set.

Review data from Performance Series benchmark assessments in math. Determine objectives to focus on and develop lesson plans to deliver instruction on those objectives	Teachers/ Interventionists	Fall through Winter	Lesson plans and PLC notes include Performance Series Objectives to be focused on during instruction	Lesson Plans include Alaska Standards being taught. Review of initial Performance Series Data showed general areas of math weakness that are being reviewed and practiced during morning work and math centers. Third grade PLC team waited a little longer to introduce Reflex Math for automaticity in Multiplication to build a sound understanding of the concept with arrays, groups and multiple addition. 5th grade PLC team used Performance Series Scores to level math groups across the grade level and split up students between teachers accordingly.
Track and record individual student NPR (K-2 Aimsweb) and annual decile growth (3-5 Performance Series)	Teachers	Fall, Winter, Spring		Initial SGM forms/data in all grade level PLC folders
Step 3: At mid-year and EOY, repeat this process by reflecting upon your progress and considering next steps				
MID-YEAR DISCUSSION: [Date]				
Area of Focus	Record Discussion Notes Here		Select a current ranking for your school in this area	
Rigor Goal: All students will achieve high levels of academic rigor. Key Discussion Questions: - In what ways do our instructional strategies create rigor in the classroom? - How well does do our metrics measure student performance? - Is student growth and success determined through multiple measures of learning? - What steps might we take to increase the rigor of our classrooms?	With approximately 100 "new to the school" students other than kindergarten the primary "cohorts" we based primary goals on where shaken up. Initial primary assessment scores indicated a need to focus on fundamentals. After much discussion it was decided to pilot MAPS assessment school-wide next year and discontinue Performance Series Assessments. It is hoped that MAPS will provide better data to guide individual students instruction inline with Personalized Learning.		Advancing	
<b>Action Steps:</b> <i>What will be done?</i>	<b>Owner:</b> <i>Who will do it?</i>	<b>Timeline:</b> <i>When will this be accomplished?</i>	<b>Evidence of the Action:</b> <i>What does success look like?</i>	<b>Results:</b> <i>Share attempts and wins</i>
Continue steps outlined for the year above				
Pilot MAPS assessments in FY19				
EOY DISCUSSION: [Date]

## SMART Goal for Strategy #2

### Mountain View

Area of Focus #2: Relevance: Experience a personalized learning system.

Strategy #2: Students will experience varied instructional strategies that target individual strengths and interests of each learner.

Step 1: Write a SMART Goal in the space provided below for this strategy

*Example:*

By May of 2017, 100% of classroom teachers will have evidence in Rediker, in the form of informal observations and a teacher narrative, that documents instructional routines and structures in their class that represent a continuation of our shift towards personalized learning with a focus on Student Reflection and Ownership.

Step 2: Give detail to the SMART Goal by completing the actions bank below

<b>Action Steps:</b> <i>What will be done? Include: professional development, ongoing communication with stakeholders, progress monitoring, and mid-year adjustments.</i>	<b>Owner:</b> <i>Who is responsible for leading or coordinating this action step?</i>	<b>Timeline:</b> <i>When will this be accomplished?</i>	<b>Evidence of the Action:</b> <i>What does success look like? What will be the evidence the action step occurred, the data indicating progress, or the indicator of success?</i>	<b>Results:</b> <b>Share results, observations, comments, etc.</b>
"Test a PL Practice" is introduced to staff as the primary vehicle for discovery phase. Entire choice board is also made available for deeper exploration.	PL leadership team	Opening Inservice 2017	Turnkey agenda is made available through Canvas. All staff can access information .	Turnkey Discovery Workshop delivered at opening inservice.
Staff choose a book(s) for book talk(s).		September 13th	*Book(s) chosen and dates set or worked in collaboration with other schools to attend.	A few staff members participated in book talks. Many staff participated in the 3 credit PL Foundations course.
A list of PL activities/structures are picked and shared within PLC's.	Individual teachers and PLC teams	By September 22nd (Dedicated time to discover 8/17, 8/21, 9/6, 9/13, and 9/20)	*PLC Meeting notes. -Include list in current PLC reporting format.	Activities listed in grade level PLC notes.
Teachers experiment with various PL activities/structures.	Individual teachers and PLC teams	Mid September to Mid October	Discovery phase components may be shared in lesson plans.	

Reflect on and choose various grade-level PL activities to implement during second quarter to determine if they will be part of PL launch for 2nd Semester.	Individual teachers	Mid October through October 20th	*Grade-level PLC notes will be uploaded into shared files. *Lesson Plans will reflect PL activities and structures.	PL activities happening in classrooms. Final choices for 2nd semester PL activities to be implemented will be decided in January.
Design phase activities and action steps will be developed after PL leadership team completes design workshop on September 27th.	PL Leadership Team	10/9/17 & 10/19/17	Mountain View Design Workshop Agenda and Powerpoint available in Touchpoint	
Design Workshop delivered to staff	PL Leadership Team	10/19		Turnkey PL Design Workshop delivered to staff. Student Ownership and Reflection chosen as the Core Four Tactic to focus on for this year.
Launch Workshop delivered to staff	PL Leadership Team	12/22	Inservice Agenda	Turnkey PL Launch workshop modified extensively and delivered to staff 11/22 and 12/22. Working with Ed Elements a modified "tuning protocol" was developed and used for staff members to bring their PL ideas and practices before a small group of peers to work out potential implementation problems. Staff members responded positively to the practice and almost all staff members have brought an idea or practice before a group.

MID-YEAR DISCUSSION: [Date]				
Area of Focus		Record Discussion Notes Here		Select a current ranking for your school in this area
Relevance Goal: Experience a personalized learning system. Key Discussion Questions: - In what ways do we create a flexible instructional model that meets the needs and interests of each learner? In what ways might we improve? - How do we help our students to develop healthy lifestyles and make healthy choices? - How can our school better engage families and leverage resources beyond the classroom?		PL activities accounted for nearly all of our inservice, PD and PLC time this semester. The difference between differentiated instruction and personalized learning is understood to be a big jump. Information regarding PL "Launch" from the district aligns with our experience that it will definitely be continuous process. Teachers don't want to lose academic gains made over the past years by going too fast on the transition to PL. A tuning protocol was used extensively to help flesh out implementation of PL practices. "Make and Takes" or staff driven PD on specific PL practices, are the next step.		Developing
Action Steps: <i>What will be done?</i>	Owner: <i>Who will do it?</i>	Timeline: <i>When will this be accomplished?</i>	Evidence of the Action: <i>What does success look like?</i>	Results: <i>Share attempts and wins</i>
Continue use of Tuning Protocol	Staff members expressing interest	At staff meetings as warranted		
"Make and Takes" or staff driven PD on specific PL practices	PL leadership team and Staff members expressing interest	3rd quarter	Common PL practices adopted across grade levels	
Reflect and Iterate Workshops Delivered to staff	PL leadership team	3rd quarter	Workshops delivered	

School walkthroughs and meeting with EE consultants	Teachers and PL leadership team	3rd and 4th quarter		
Develop protocol for use of 32 new I pads to ensure use is aligned to PL and grant parameters are followed	leadership team	January	Protocol developed and forwarded to teachers	
EOY DISCUSSION: [Date]

*SMART Goal for Strategy #3*

*Mountain View*

**Area of Focus #3:** Responsive: Be immersed in a high quality instructional environment.

**Strategy #3:** Prioritize strong, positive relationships with all students to support their social and emotional needs.

**Step 1: Write a SMART Goal in the space provided below for this strategy**

*Example:*

*By May 2018, 100% of teachers will have increased one proficiency level in their current Tier 1 behavior intervention rubric (self assessed), or scored a 3 on a newly chosen Tier 1 behavior intervention rubric (self assessed).*

**Step 2: Give detail to the SMART Goal by completing the actions bank below**

<b>Action Steps:</b> <i>What will be done? Include: professional development, ongoing communication with stakeholders, progress monitoring, and mid-year adjustments.</i>	<b>Owner:</b> <i>Who is responsible for leading or coordinating this action step?</i>	<b>Timeline:</b> <i>When will this be accomplished?</i>	<b>Evidence of the Action:</b> <i>What does success look like? What will be the evidence the action step occurred, the data indicating progress, or the indicator of success?</i>	<b>Results:</b> <b>Share results, observations, comments, etc.</b>
All teachers will meet with their administrative partners with the rubric from their chosen Tier 1 behavior intervention.	Teachers/administration	10/1 Self reflection conferences.	If the same intervention is chosen by teacher, a review of last year's progress and this year's actions steps described to increase proficiency level. If new interventions are chosen, an initial self-assessment and action plan.	Tier 1 behavior interventions continue to be used effectively. Safe spot has been particularly effective in classrooms with behavior transition students.
Deliver professional development on Tier 1 behavior intervention strategies.	Administration and teachers who are proficient or better at Tier 1 behavior interventions.	Staff meetings and inservices throughout the year.	PD at inservices and staff meetings	Professional development in Kagan Strategies was delivered to 4 teachers who wanted it. This included consultation with teacher as to what might be an effective strategy for their lesson, having the trainer model the strategy with the teachers class, having the trainer later observe the teacher using the strategy with their class and finally giving additional advice.

**Step 3: At mid-year and EOY, repeat this process by reflecting upon your progress and considering next steps**

**MID-YEAR DISCUSSION: [Date]**
