## 2018-2019 School Development Plan

### Soldotna High

KPBSD Mission Statement	KPBSD Vision Statement	KPBSD Guiding Principles
The mission of the Kenai Peninsula Borough School District is to develop productive, responsible citizens who are prepared to be successful in a dynamic world.	We envision KPBSD students who engage in their learning, participate in their community, reach high levels of achievement, and graduate prepared for their future.	Each student can learn and be successful. Every student is recognized as unique, valuable, and is treated with respect and dignity. Learning is a lifelong process. The educational environment is safe, engaging and purposeful.

Step 1: Using the questions below, discuss each of the key areas related to KPBSD's strategic plan  
 Step 2: Based on your discussion, use the Harvey Balls below to make a current selection for each area

<b>Emerging:</b> Not yet addressed or minimal foundation in place at this time; we have <b>significant room for growth</b> to get where we want to be	 Emerging
<b>Developing:</b> Good foundation in place at this time; still <b>much room for growth</b> to get where we'd like to be	 Developing
<b>Advancing:</b> Excellent foundation in place at this time; we have <b>some room for growth</b> to get where we'd like to be	 Advancing
<b>Sustaining:</b> In fantastic shape right now and just need to sustain what we have; <b>little to no room for growth</b> at this time	 Sustaining

Area of Focus: Rigor	Record discussion notes here	Select a current ranking for your school in this area
<p><b>Rigor Goal:</b> All students will achieve high levels of academic rigor.</p> <p><b>Key Discussion Questions:</b></p> <ul style="list-style-type: none"> <li>- In what ways do our instructional strategies create rigor in the classroom?</li> <li>- How well does our metrics measure student performance?</li> <li>- Is student growth and success determined through multiple measures of learning?</li> <li>- What steps might we take to increase the rigor of our classrooms?</li> </ul>	Teachers use formative assessments and summative assessments. Students have the opportunity to retake assessments after remediation if needed. Students have challenging AP and college course offerings not matched within the district. In terms of growth, we would like to offer additional English, math, and science college courses and strengthen our relationship with the University of Alaska system, Alaskan vocational tech programs, and businesses to better prepare students for their future academic and professional success.	Advancing
Area of Focus: Relevance	Record discussion notes here	Select a current ranking for your school in this area
<p><b>Relevance Goal:</b> Experience a personalized learning system.</p> <p><b>Key Discussion Questions:</b></p> <ul style="list-style-type: none"> <li>- In what ways do we create a flexible instructional model that meets the needs and interests of each learner? In what ways might we improve?</li> <li>- How do we help our students to develop healthy lifestyles and make healthy choices?</li> <li>- How can our school better engage families and leverage resources beyond the classroom?</li> </ul>	Canvas, online courses, electives, POLYCOM, community service embedded into instruction; these are all ways that we are creating a flexible instructional model. We also have our after school library open until 4:30 pm with a certified staff member to work with students should they choose. Community welcome back BBQ, radio interviews to garner support for athletics by students and for teaching by staff member, reaching out to long term partners such as Chamber of Commerce with thank you by teacher of the year and student representatives. We can better engage families by making the school the community hub. Make it a place that everyone wants to use and go to throughout the school year as well as the summer.	Advancing
Area of Focus: Responsive	Record discussion notes here	Select a current ranking for your school in this area
<p><b>Responsive Goal:</b> Be immersed in a high quality instructional environment.</p> <p><b>Key Discussion Questions:</b></p> <ul style="list-style-type: none"> <li>- In what ways does our school and staff prioritize strong, positive relationships with students to meet their social and emotional needs?</li> <li>- What instructional strategies are used by our staff to target student needs? How can we support our staff to strengthen their instructional practice?</li> <li>- Does our school foster a culture of innovation? What steps might we take to better support such a culture?</li> </ul>	Our staff build relationships by showing an interest in students lives beyond the classroom. Will be developing the personalized learning strategies to target individual students within the classroom. Have added courses and intervention strategies within the master schedule and system this year. Our school has welcomed innovation and worked at implementation with changes to using Canvas, the master bell schedule, partnerships with other schools and colleges, and intervention. We have a Raising Academic Performance class all 10th grade students will take in which we will be focusing on their social emotional well being, executive functioning skills and academics.	Advancing
Area of Focus: Core Four	Record discussion notes here	Select a current ranking for your school in this area
<p><b>Core Four Goal:</b> Identify a specific Core Four area of focus</p> <p><b>Options:</b> Student Reflection &amp; Ownership, Targeted Instruction, Data Driven Decisions, Flexible Content &amp; Tools</p> <p><b>Key Discussion Questions:</b></p> <ul style="list-style-type: none"> <li>- In what ways are teachers developing expertise in this area?</li> <li>- In what ways are students developing expertise in this area?</li> <li>- What next steps should our school take to better incorporate this Core Four area of focus into our instruction?</li> </ul>	An area of focus will be goal setting. We do digital reflection, journals, portfolios, but we don't have them write their goals and reflect on them. We feel that starting small and working towards bigger is the path to take.	Emerging

Step 3: Based on the discussion above, select 3 areas of focus and 3 corresponding strategies for the 2018-19 school-year

Area of Focus #1	Area of Focus #2	Core Four Area (if working with EE) / Area of Focus #3
Relevance: Experience a personalized learning system.		Core Four: Student Reflection & Ownership

Strategy #1	Strategy #2	Strategy #3
Students will learn in a flexible instructional model that is fluid and developmentally appropriate for all.		Goal-Setting

Step 4: Complete a SMART Goal for each strategy by clicking on the corresponding strategy tab below. Also, for your reference, see the additional resources below that can be used to support your School Development Plan.

SMART Goal for Strategy #1

Soldotna High

Area of Focus #1: Relevance: Experience a personalized learning system.

Strategy #1: Students will learn in a flexible instructional model that is fluid and developmentally appropriate for all.

**Step 1: Write a SMART Goal in the space provided below for this strategy**

By the end of the year 100% of the identified students will have an intervention in place and of the identified students 80% will recoup credits and be on track to graduate. Continue to create opportunities for students that are on track to be exposed to a flexible instructional model.

**Step 2: Give detail to the SMART Goal by completing the actions bank below**

<b>Action Steps:</b> <i>What will be done? Include: professional development, ongoing communication with stakeholders, progress monitoring, and mid-year adjustments.</i>	<b>Owner:</b> <i>Who is responsible for leading or coordinating this action step?</i>	<b>Timeline:</b> <i>When will this be accomplished?</i>	<b>Evidence of the Action:</b> <i>What does success look like? What will be the evidence the action step occurred, the data indicating progress, or the indicator of success?</i>	<b>Results:</b> <i>Share results, observations, comments, etc.</i>
