KPBSD Mission Statement	KPBSD Vision Statement	KPBSD Guiding Principles
The mission of the Kenai Peninsula Borough School District is to develop productive, responsible citizens who are prepared to be successful in a dynamic world.	We envision KPBSD students who engage in their learning, participate in their community, reach high levels of achievement, and graduate prepared for their future.	Each student can learn and be successful. Every student is recognized as unique, valuable, and is treated with respect and dignity. Learning is a lifelong process. The educational environment is safe, engaging and purposeful.
Step 1: Using the questions below, discuss each of the key areas related to KPBSD's strategic plan		
Step 2: Based on your discussion, use the Harvey Balls below to make a current selection for each area		
Emerging: Not yet addressed or minimal foundation in place at this time; we have significant room for growth to get where we want to be	 Emerging	
Developing: Good foundation in place at this time; still much room for growth to get where we'd like to be	 Developing	
Advancing: Excellent foundation in place at this time; we have some room for growth to get where we'd like to be	 Advancing	
Sustaining: In fantastic shape right now and just need to sustain what we have; little to no room for growth at this time	 Sustaining	
Area of Focus: Rigor	Record discussion notes here	Select a current ranking for your school in this area

<p>Rigor Goal: All students will achieve high levels of academic rigor.</p> <p>Key Discussion Questions:</p> <ul style="list-style-type: none"> - In what ways do our instructional strategies create rigor in the classroom? - How well does do our metrics measure student performance? - Is student growth and success determined through multiple measures of learning? - What steps might we take to increase the rigor of our classrooms? 	<p>While our school has metrics to measure student performance (AIMSweb MAPs, etc.), we have not yet focused instruction around the results of those measures. We need to further develop our interventions to focus on the needs identified in those measures, and use those measures to also focus on classroom groupings.</p>	<p>Developing</p>
<p>Area of Focus: Relevance</p>	<p>Record discussion notes here</p>	<p>Select a current ranking for your school in this area</p>
<p>Relevance Goal: Experience a personalized learning system.</p> <p>Key Discussion Questions:</p> <ul style="list-style-type: none"> - In what ways do we create a flexible instructional model that meets the needs and interests of each learner? In what ways might we improve? - How do we help our students to develop healthy lifestyles and make healthy choices? - How can our school better engage families and leverage resources beyond the classroom? 	<p>Our HS offers curriculum and activities for students that are both relevant, and connects to their everyday lives. Our elementary instruction offers different modalities of learning that supports each student's optimal learning style. Even still, both the HS and elementary recognizes that their grade level cohort can further improve the relevance in instruction by learning from one another. Staff are increasingly experiencing professional development on community values, beliefs, and language through weekly staff meetings.</p>	<p>Advancing</p>
<p>Area of Focus: Responsive</p>	<p>Record discussion notes here</p>	<p>Select a current ranking for your school in this area</p>
<p>Responsive Goal: Be immersed in a high quality instructional environment.</p> <p>Key Discussion Questions:</p> <ul style="list-style-type: none"> - In what ways does our school and staff prioritize strong, positive relationships with students to meet their social and emotional needs? - What instructional strategies are used by our staff to target student needs? How can we support our staff to strengthen their instructional practice? - Does our school foster a culture of innovation? What steps might we take to better support such a culture? 	<p>Our school has observable positive adult/student relationships that's built around instruction/activities relevant to community values. We're building our expertise with Personalized Learning, particularly for teachers new to the district. Each teacher is encouraged to provide feedback and ideas towards improved instruction, particularly at weekly staff meetings.</p>	<p>Advancing</p>
<p>Area of Focus: Core Four</p>	<p>Record discussion notes here</p>	<p>Select a current ranking for your school in this area</p>
<p>Core Four Goal: Identify a specific Core Four area of focus</p> <p>Options: Student Reflection & Ownership, Targeted Instruction, Data Driven Decisions, Flexible Content & Tools</p> <p>Key Discussion Questions:</p> <ul style="list-style-type: none"> - In what ways are teachers developing expertise in this area? - In what ways are students developing expertise in this area? - What next steps should our school take to better incorporate this Core Four area of focus into our instruction? 	<p>Due to a large number of new staff members (both certified & classified), expertise regarding the targeted Core 4 area of PL is low. The staff will focus heavily this year on developing PL in the area of Student Reflection & Ownership this year thru staff collaborations, teacher trainers in PL, and outside expertise.</p>	<p>Emerging</p>
<p>Step 3: Based on the discussion above, select 3 areas of focus and 3 corresponding strategies for the 2018-19 school-year</p>		
<p>Area of Focus #1</p>	<p>Area of Focus #2</p>	<p>Core Four Area (if working with EE) / Area of Focus #3</p>

<p>Strategy #1</p>	<p>Strategy #2</p>	<p>Strategy #3</p>

Students will learn in a flexible instructional model that is fluid and developmentally appropriate for all.

SMART Goal for Strategy #1

Razdolna

Area of Focus #1: Rigor: All students will achieve high levels of academic growth.

Strategy #1: Students will learn in a flexible instructional model that is fluid and developmentally appropriate for all.

Step 1: Write a SMART Goal in the space provided below for this strategy

By the 3rd Qtr of FY19, all K-5 students below the 25% in the area of reading will have received reading interventions tailored to their individual needs, as well as regular progress monitoring support, for the purpose of a flexible instructional model for all students

Step 2: Give detail to the SMART Goal by completing the actions bank below

Action Steps: <i>What will be done? Include: professional development, ongoing communication with stakeholders, progress monitoring, and mid-year adjustments.</i>	Owner: <i>Who is responsible for leading or coordinating this action step?</i>	Timeline: <i>When will this be accomplished?</i>	Evidence of the Action: <i>What does success look like? What will be the evidence the action step occurred, the data indicating progress, or the indicator of success?</i>	Results: <i>Share results, observations, comments, etc.</i>
Teachers will meet on a monthly basis for collaboration on status of classroom interventions, progress monitoring, referrals, and/or scheduling interventions	I-Team Coordinator / Principal	Monthly	PS Intervention Notes / Started monthly I-Team meetings in October	
Administer AIMSweb and MAPs Benchmarks to all K-10 students	Classroom Teachers	During Benchmark Windows	AIMSweb & MAPs reports	
Design reading intervention groups based off observational data, AIMSweb and MAPs data	Classroom Teachers	Throughout the year	Classroom intervention groups	

Step 3: At mid-year and EOY, repeat this process by reflecting upon your progress and considering next steps
