☐ Action Needed ☒ For Discussion ☐ Information ☐ Other: \_\_\_\_\_

## BACKGROUND INFORMATION

The tobacco intervention network has been working with KPBSD to define an alternative to out-of-school suspension for tobacco violations within the school district. A protocol was developed that may provide educational opportunities to prevent future incidences of tobacco use and keep students in school. We intend to pilot this protocol at Skyview High School and Nikiski Middle/Senior High School for second semester. Depending upon results of this pilot, we may bring the protocol back for your approval to institute district-wide in our student handbook.
