BACKGROUND INFORMATION

The purpose of this worksession is to provide an update on the district's use of technology. The worksession will focus on technology changes since FY08 including a review of hardware, hardware replacement activity, web filtering, our technology network and other infrastructure and changes to curriculum and professional development that are tied to technology.

Jim White, Director of Information Services will provide the overview of the hardware and technology infrastructure. Lori Manion, Coordinator of Professional Development, and Jamie Meyers, Technology Integration Specialist, will review our staff training with technology. Sean Dusek, Assistant Superintendent of Instruction, will review how technology is changing our delivery of curriculum.
