John Cook is now the facilitator for the steering committee meeting.

Meeting minutes from the April 10th, 2007 meeting were not approved. Bernie Wesley handed to John Cook her requested changes from a collaborated effort between her and Korina Ortiz. It was agreed that Mr. Cook will review her changes against the verbatim meeting minutes.

Doris Cannon: Administration Report. Doris stated there were no questions from the committee at the March 27th meeting so there were no answers for her to bring back to the committee.

Name Change: John Cook discussed the process of the input was collected from students and community members for name change ideas. Then a subcommittee group of 4 staff members (Terry Kraemer, Dave Daniel, Donna Anderson, and Barb Ralston) collected all input and came to a consensus on a name for the new K-5 elementary school. Below is a statement they prepared that Mr. Cook read verbatim.

When the idea was presented to change the name of the newly consolidated school. IT was with intention of giving the staff and community an opportunity to work together on a common goal. The idea was never to cause controversy or a divisive environment. On Monday April 16th, a sub committee of 4 people met to review the input forms of naming the new school. After careful consideration of all the input forms along with open and honest communication we came to the consensus that Kenai K-5 School should retain the

name of Mt. View. This consensus was reached based on the desire to unite the staff and the community so that our efforts can be focused on the job at hand. Creating a successful consolidation between Sears and Mt. view. There by creating a positive working and learning environment for everyone. Please join us in supporting this decision.

Sub Committees: Mr. Cook described the three sub committees (Functional, Physical and Human Resource) and their goals, strategies and expectations. These committees will meet during the week and report back to the steering committee every Tuesday. A hand out was given to each sub committee with goals, strategies & action steps, responsibilities, timelines and evidence. Copies of these documents can be found on the below link:
