

Bob Simcoe
Golden Apple Award Recipient
October 4, 2004

We, the members of the Kenai Peninsula Borough School Board of Education, would like to pay special recognition to Bob Simcoe. Bob has been a member of the district team since 1985; he has been head custodian at Homer Middle School since December 1986.

As head custodian, Bob takes ownership in the maintenance and appearance of the building. According to school principal, Glen Szymoniak, "Bob works very hard to provide a safe and comfortable learning environment for all students."

At Homer Middle School it is "Bob to the rescue!" He is quick to respond to special requests and has the experience to anticipate possible problems. He supervises the lunchroom and makes lunchtime fun for the students. Each day he posts a "question of the day" and awards prizes for correct answers.

School administration, staff, students and parents all recognize Mr. Simcoe as an important part of the Homer Middle School community. Please join us in presenting Bob Simcoe with a Golden Apple Award in recognition of his outstanding service to the Kenai Peninsula Borough School District.
