RE: PowerSchool Integration with Pearson

We are very pleased to announce the integration between PowerSchool Student Information System and the Digital Curriculum Resources KPBSD teachers have available with Pearson's digital curriculum resources – SuccessNet and SuccessNet Plus. The integration will provide teachers, students and parents several time saving benefits, some of which include:

- 1) Streamlined administration via a centralize roster management
- 2) Access to both systems with one log in location (PowerSchool) – the log in for PowerSchool will be all you need to access these materials and resources
- 3) More time to teach instead of doing management tasks

With this integration, we encourage all teachers to export any files (such as a grade books) from SuccessNet or SuccessNet Plus as all **documents will be cleared from the system** in preparation for the integration which start on Monday, June 22, 2014. I have attached an informational PDF document for your convenience and you can also visit www.mypearsontraining.com to obtain more information and tutorials in the use of any SuccessNet and SuccessNet Plus resources.

If you have questions, please contact Melissa Linton at ext. 8861 or email mlinton@kpbsd.k12.ak.us
