Purpose

The KPBSD started the Kenai Peninsula Native Youth Leadership (KPNYL) Program to nurture and guide emerging Native Youth Leaders among the Middle School, Junior High and High School students in the Kenai Peninsula Borough School District.

The goal of the Native Youth Leadership is to provide students the opportunities necessary to learn leadership skills, while having pride in their culture. Leadership skills enhance students personal, academic, extracurricular, and tribal-community involvements.

KPNYL members are encouraged and guided in personal growth while developing leadership skills that are essential for academic and post secondary career success.

Kenai Peninsula Native Youth Leaders learn to utilize and weave their leadership expertise both in their traditional and conventional lives. Native Youth Leaders honor their culture and are empowered in their diversity.
